

# East, West Consult About Berlin Travel

—Almost Didn't Enter—

## Sharon Kyker 'Miss Lincoln'

The contestant who almost didn't show up Friday night won the "Miss Lincoln" title.

After donning the crown, Sharon Kyker admitted: "Several of my sorority sisters talked me into going through with the contest."

Wet eyed and jubilant, the new Capital City queen said she never dreamed that "anything like this would ever happen to me."

Her voice, personality and 34-25-35 stature won approval from the more than 200 persons attending the annual Junior Chamber of Commerce supported pageant.

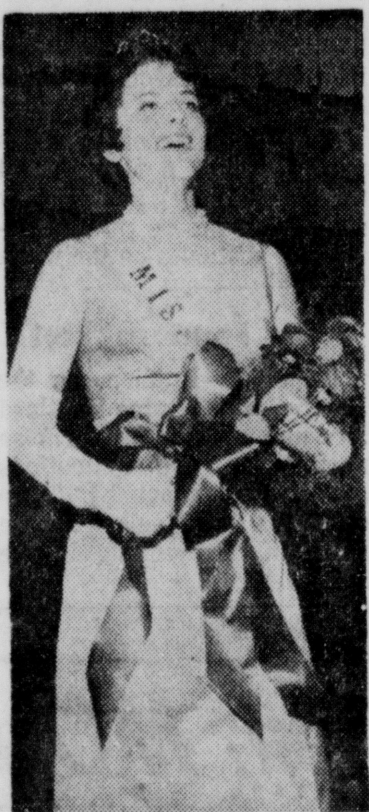

Sharon is a member of Alpha Xi Delta Sorority at the University of Nebraska.

If her sorority sisters continue to apply the pressure, Sharon will next compete for the "Miss Nebraska" title at Beatrice in July.

Competition for the coveted crown was keen.

Narrowly missing were Glenda Jenkins, a Nebraska Wesleyan coed, and Patricia Fleener, a Kearney import.

Another University of Nebraska student, Marilyn Schoening of Malvern, Iowa was named "Miss Congeniality."

MISS KYKER... wears crown.

## Reds Initiated Border Talks

TENSION IS EASED

Berlin (UPI) — Soviet-American consultations designed to restore unrestricted travel by Soviet and American military missions between the city's East and West zones have begun on Soviet initiative, informed sources said Friday night.

The consultations began at the suggestion of Marshal Ivan Konev, former Soviet commander in East Germany, the sources said. Konev returned to Moscow last month.

An American spokesman said the latest step in the consultations was the suggestion of Maj. Gen. Albert E. Watson II, U.S. commandant in West Berlin, for a meeting with Maj. Gen. A. E. Solov'yev, his Soviet counterpart, to discuss relations in the divided city.

### Relieve Tension

The Soviet move was interpreted here as an attempt to relieve tension in Berlin.

American headquarters sent a letter to the Russians Friday proposing a meeting and is awaiting an answer, the U.S. spokesman said.

Informed sources said contacts on a lower level have been going on for a month and were designed to lift bans imposed on the travel of the two commandants across the East-West border in Berlin.

The East German communists barred Watson from entering East Berlin last December when civilian aides with him refused to identify themselves to East German border police. The United States insisted that under Berlin's 4-power agreements East German police were not authorized to control Western

Allied traffic. In retaliation, the Americans barred the Russian commandant from entering the American sector.

Differences on how to react to Russian pressure against West Berlin reportedly have caused a strain in relations between West Germany and the United States.

Earlier Friday, West Berlin Mayor Willy Brandt expressed complete confidence in President Kennedy and, by implication, rebuked West German Chancellor Konrad Adenauer.

The mayor, speaking at a reception for Norwegian Foreign Minister Halvard Lange, advocated a continuation of American-Soviet talks on Berlin "no matter how long they take."

The mayor said he was commenting on "a superfluity of reports and declarations in newspapers in the last few days which caused unrest and confusion." Not all of these reports and declarations, he said, were based on fact.

Brandt obviously was referring to controversial statements made by Adenauer at news conferences here Monday and Tuesday. Adenauer called the U.S. plan to regulate Berlin access traffic "unworkable" and said he saw no point in continuing the American-Soviet talks on Berlin.

# Goldberg's Assistant Resigns Due To Gift

...ESTES GAVE HIM \$1,000

Washington (AP) — Assistant Secretary of Labor Jerry R. Holleman resigned his \$20,000-a-year post Friday night, saying he accepted a \$1,000

gift from indicted Texas financier Billie Sol Estes to help make ends meet.

Holleman said in a letter to President Kennedy that Estes has been a close personal friend for 10 years.

"Last January in the course of a personal conversation with Mr. Estes, I referred to the difficulties I have been having in meeting my personal expenses on my government salary," Holleman said.

"He offered to help me out by a personal gift. I accepted this gift."

### Indicted for Fraud

A federal grand jury has indicted the 37-year-old Estes for fraud in connection with chattel mortgages he was charged with selling on non-existent fertilizer tanks.

The Agriculture Department has canceled his 1961 marketing allotments and levied \$554,162 in marketing penalties against him for alleged illegal dealings in cotton acreage allotments.

Senate investigators hope to launch within a month public hearings on Estes and his dealings with government officials. The Senate Investigations subcommittee, headed by Sen. John L. McClellan, D-Ark., seeks to learn whether influence in Washington helped Estes run up a fortune under the government's farm program.

Accepted Resignation Secretary of Labor Arthur J. Goldberg accepted the resignation and said Holleman had done the right thing in quitting.

"It is regrettable that this has happened," Goldberg said. "Under the circumstances, Mr. Holleman has taken the proper course of action."

Holleman is the first high Kennedy administration official tainted by the spreading Estes case.

However Emery Jacobs, deputy administrator of the department's Agricultural Stabilization Service, has resigned with a denial of receiving anything from Estes.

William E. Morris, an Agriculture Department official, was fired after his name cropped up in a Texas investigation of Estes' affairs. And Secretary of Agriculture Orville L. Freeman is considering the case of James T. Ralph, a former assistant secretary whose name also has been linked with Estes.

Holleman's letter was delivered to Kennedy Friday night. In it Holleman said he accepted the gift "before I knew anything about Mr. Estes' involvements."

"The gift had no connection with any of Mr. Estes' interests."

## Steel Says Tax Reform A Big Step

Hot Springs, Va. (AP) — Steelmaker Roger M. Blough said Friday the Kennedy administration's reform of industry's tax writeoffs for depreciation is a very important step toward restoration of business confidence and betterment of government-business relations.

Blough, who as chairman of U.S. Steel Corp. was President Kennedy's chief antagonist in the steel price controversy a month ago, spoke Friday as chairman of the Business Council — the top-running organization of big businessmen.

Blough's conciliatory words came after a treasury spokesman told the council that a significant liberalization of the tax writeoffs will be issued late next month or in July.

Undersecretary of the Treasury Henry H. Fowler told reporters after a closed session with the industrialists that the depreciation change could mean as much as \$1.25 billion in tax savings to all businesses for this year. The investment tax credit pending in Congress could, if enacted, bring another \$1.4 billion in benefits, Fowler said.

Blough said Fowler's report was "very well received" by the 100 corporation chiefs holding their spring meeting here.

"I believe they all feel this is clear evidence of an effort on the part of the administration and the Treasury to do something in this highly important field," he said.

Under questioning of newsmen on whether he believed an anti-business label should be applied to the administration, Blough replied:

"There should not be any area of misunderstanding or disagreement between business and government, and I am very hopeful that the overall business climate will improve."

"I am inclined to believe that Mr. Fowler's presentation this morning is a very important step in that direction."

# U.S. May Fight In Laos

Washington (UPI) — Alarmed by communist advances in Laos, the Kennedy administration is considering more forceful action there, possibly even the dispatch of U.S. troops if all else fails, it was disclosed Friday.

An effort to find some middle course between sending American troops to bolster crumbling government defenses or letting Laos go to the Reds apparently was made at White House and State Department meetings Thursday night and Friday. More sessions were planned.

State Department spokesman Lincoln White said Russia has not replied to two U.S. appeals to help restore the ceasefire in Laos. He said Russia had the "capacity" to call off the communist offensive.

Some of President Kennedy's top advisers have told him the United States may no longer have "the luxury of... letting the Royal Army do the fighting."

White said Royal Lao army forces seem to be putting up

"no effective defense" against communist troops in northern Laos. Reports from the scene said panicky government troops were swarming across the Mekong river into Thailand or fleeing southward into red-held territory.

The use of U.S. forces in the Laos guerrilla war has been considered several times over the past two years but always has been rejected.

For one thing, top U.S. military officials view Laos as a

difficult place to fight. They say the United States would have to commit largescale forces and then be prepared for a long and costly war.

Officials said urgent study is being given to "political alternatives" to military action. The emphasis, they said, was on avoiding any "precipitous" move.

Obviously, the United States wants to avoid giving Red China any excuse for entering the fighting on a large scale.

## Reds Push To Border

Vientiane, Laos (AP) — Pro-communist battalions completed the occupation of northwest Laos Friday in a surging advance that carried them more than 100 miles beyond the cease-fire line to the border of pro-western Thailand.

Battered Royal Lao troops were reported fleeing across the Mekong River into Thailand after abandoning Houei Sai, last government outpost in the northwest.

The Royal government expressed fear the neutralist Pathet Lao rebels were ready to follow up their push to the Thai border with a general offensive against the Royal capital of Luang Prabang in the heart of Laos and on the administrative capital of Vientiane in the south.

The defense ministry said that 3 to 5 Russian-made Ilushin transports have been unloading men and war material daily at two air bases in the rebels' newly won territory since the fall of Nam Tha 5 days ago. A communist force also reported movement of an artillery equipped Red column from the rebel headquarters in the Plaine des Jarres.

The rebel advance, in defiance of a demand by neutralist Prince Souvanna Phouma to halt the offensive, seemed certain to bring new demands by Thailand for action by the United States or the Southeast Asia Treaty Organization to check the rebels.

# Ed Council Drafts Certification Change

By WOODY HOWE  
Star Staff Writer

After more than a year of formal planning by subcommittees, the Nebraska Council on Teacher Education approved Friday the substance of a proposed statutory change that would empower the State Board of Education to determine requirements for teacher certification.

Nebraska is one of 3 states where the Legislature determines teacher certification requirements.

At the same time, the council endorsed in principle a document that would set forth standards for teacher-training institutions.

### No Standard

The Board of Education has no written instrument at present to evaluate teacher-training programs in Nebraska colleges and universities in terms of approving these institutions' recommendations of candidates for teaching, administrative and supervisory certificates.

Both proposals are likely to undergo further modification before the Board of Education adopts them, Council President Lawrence Lemons of Scottsbluff said.

If the Legislature should give the Board of Education certification powers, council leaders said, the board "will undoubtedly move to raise the

minimum preparation to two years."

The Council on Teacher Education, an advisory board to the State Board of Education, includes representatives from 20 Nebraska colleges and 13 statewide education groups, including the Nebraska Congress of Parents and Teachers.

No Blanket Rule To dispel rural fears of a blanket 4-year education re-

## Council Has Repeal Right On Renewal

... Nelson Says

City Atty. Ralph Nelson said Friday that the Urban Renewal Authority ordinance can be repealed at any time by the City Council.

Lincoln voters are being asked to approve next Tuesday the ordinance adopted by the council, but requiring referendum approval before it becomes effective.

Nelson said he has been asked for a legal opinion on the question: "Can an urban renewal authority be discontinued?"

The answer is "yes," Nelson said in a statement.

"The Nebraska law provides the Authority can be created only by an ordinance passed by the City Council. And the Council can repeal an ordinance which it has passed. It can do this at any time by a simple majority."

"Moreover, the state law clearly provides that any action of the Authority, while it exists, is under the control of the City Council at all times."

### Lincoln Central

### Labor Union Vote

### Backs Renewal

The Lincoln Central Labor Union Friday night voted to support urban renewal, L. K. Emry, president, said.

The motion carried with few dissenting votes, according to Emry. Emry said urban renewal has previously been supported by both state and national AFL-CIO bodies. The support was included in a resolution at the last state AFL-CIO convention.

### A Family Treat!

Special 2-layer White Cake with toasted coconut. Try it! Fresh at Wendelin Baking 1430 South, 7a.m.-10p.m.—Adv.

requirement for certification, the council added:

"This will likely be the maximum for elementary teachers in isolated rural areas of the state for a number of years."

The council noted that Legislative certification has made it impossible for "a number of highly qualified persons to obtain regular certificates" while giving certificates to "numerous persons" not adequately prepared.

Legislative certification further has hampered teacher-training colleges in formulating modern education programs, the council said.

Dr. LeRoy Ortgiesen, state director of teacher certification, said "some institutions will have to shore up their programs a little" if the teacher-training standards are ultimately accepted by the Board of Education.

### Standards In Practice

Basically, however, the standards have been devised "to get down in black and white what has been the practice" in most schools, Lemons said.

The following areas and recommended standards are part of the proposal:

Subject matter: One-third of a future teacher's credit hours should be in the liberal arts; one-sixth to one-fourth in professional courses—secondary school teachers' requiring less; and one-third to one-half in the chosen field of specialty.

These requirements would be "just a little" higher than those required in most state institutions, Dr. Ortgiesen said. Faculty: ninety per cent of the faculty in education or related areas should hold Master's degrees. One-third should hold Ph.D's. The full teaching load should be 15 hours.

Dr. Ortgiesen said most colleges are close to these standards. Library: 50,000 volumes should be on the shelves for 600 students, with 10,000 more volumes for each 200 additional students. Five per cent of the budget should be devoted to the library, and about \$6 per student spent on books and periodicals over a 5-year period.

Dr. Ortgiesen said the council was not in full agreement on all the library provisions, but the libraries would study them.

Dr. Ortgiesen, addressing the final session of the council's day-long meeting, said the State Board of Education always listens to the Council.

# U.S. Fires Two Nuclear Shots

## One Test Is Undersea Explosion

... First Of Series

Washington (AP) — Two more nuclear test shots, including an underwater explosion, were fired Friday in the Pacific.

It was the first announced underwater detonation of the current U.S. testing operation, which began on April 25.

Friday's first blast, No. 8 in the series, was an air drop of intermediate yield — meaning that it had an explosive force somewhere between 20,000 tons and a million tons of TNT.

It was fired about 11:45 a.m. EDT in the vicinity of Christmas Island.

Test No. 9, the underwater explosion, was fired about 4 p.m. This presumably had to do with the testing of anti-submarine weapons, and the Atomic Energy Commission said it was detonated in the eastern Pacific several hundred miles from the closest land area.

### Low Yield Blast

The announcement described the underwater shot as having a low yield, meaning an explosive force equivalent to something less than 20,000 tons of TNT.

The Defense Department declined to say whether the test involved the Navy's anti-submarine missiles. There have been reports that these would be tested during the Pacific series.

It also was possible that the explosion involved a research and development device designed to explore various effects of nuclear blasts below the surface of the water.

The Pentagon said no radiation hazard to fish is expected.

## Tersely Told Tales

Lisbon (AP) — The Portuguese Overseas Ministry has ordered immediate release of Indian citizens interned since India's seizure of the Goan enclaves last December, but ruled they must leave Portuguese territory within three months. Most are in Portuguese Africa.

Washington (AP) — Dr. Harvey J. Brudner, who hired the first Negro sent to New York by New Orleans segregationists, is being held in a local hospital for observation after an attempt to see President Kennedy.

Seoul (AP) — A 10-man South Korean military mission flew to South Viet Nam for a two-month stay, the Seoul newspaper Kyunghyang Shinmoon said.

Washington (AP) — President Kennedy will address the Magazine Publisher's Association at the Sheraton Park Hotel here Tuesday morning, the White House said.

## ANSWER by OUR

How many cities the size of Lincoln have had an election on Urban Renewal and what were the results?

Lincoln is the first such city in the United States. In all the others the program was set up by local ordinance passed by the city council or its equivalent.

There have been many elections in which urban renewal was a factor or in which specific urban renewal projects or bond issues were at stake. Most of these passed because by the time the election took place the people had seen how urban renewal works and what it can do. But our Nebraska law requires Lincoln to vote on the issue before it can be demonstrated.

## NU Alums Support Sorority Pledging Negro; Margin Slim

... Actives At NU Oppose Beloit Action

The alumnae chapter of Delta Gamma sorority at the University of Nebraska at a meeting last week voted by a margin of one vote to recommend to national that a Beloit College chapter which had pledged a Negro be retained in the national sorority.

The vote was taken at the request of the national organization, a local sorority alumna who is not a member of Delta Gamma, told The Star.

It was also learned that the question submitted to the local group listed as the only reason for the possible suspension the pledging of the Negro coed. The chapter is now on probation but faces suspension by the national.

The sorority Thursday told Beloit College officials that the probation was for "a series

of infractions and violations" and not because it pledged a Negro coed.

The question was also submitted to the active chapter of Delta Gamma, which according to reliable reports voted to keep the Beloit chapter on probation because of the pledging of the Negro girl. It was reported only two members of the active chapter supported the Beloit chapter's action.

## Dr. Milton Evans Elected V.P. Of Education Council

Dr. Milton D. Evans of Wesleyan University became vice president of the Nebraska Council on Teacher Education Friday.

Dr. Evans, professor of education at Wesleyan, was elected to replace Dr. Floyd Miller. Dr. Miller became ineligible to hold council office when he was appointed state commissioner of education.

Dr. Evans will serve the balance of Dr. Miller's term, ending in July, 1963.

## Petersen Accepts Paxton School Post

Brule (AP) — Fred Petersen, superintendent of schools here for 5 years, has accepted a similar post at Paxton.

He succeeds Eugene Dirkschneider who will become superintendent at Valley. Clifford Sovereign, now at Eddyville, will take over the Brule job.

## Cocktail Party Thrown

Copenhagen, Denmark (AP) — Molotov cocktails were thrown at the Spanish Embassy during the night.

One of the bottles of burning gasoline broke through a window and started a fire — quickly put out in the ambassador's office.

## Fremont Girl Miss Cornhusker

Anne Witte of Fremont, a senior in Teachers College, was announced Friday as "Miss Cornhusker," a title conferred by the staff of the University of Nebraska's Cornhusker yearbook.

Her identity was revealed with the distribution of the yearbook to the student body.

Miss Witte, daughter of Mr. and Mrs. Willard A. Witte of Fremont, is also one of the 6 Cornhusker Beauty Queens.

The other 5 are: Ann Hanna of Valentine, daughter of Mr. and Mrs. G. C. Young; Linda Turnbull of Billings, Mont., daughter of Mr. and Mrs. T. H. Turnbull; Patricia Schmadeke of Lincoln, daughter of Mr. and Mrs. L. C. Schmadeke; Sally Larson of Bertrand, daughter of Mr. and Mrs. Charles R. Larson; and Cori Cabela of Chappell, daughter of Mr. and Mrs. A. C. Cabela.

The six Eligible Bachelors are: Steve North of Lincoln, son of Mrs. Betty North and Don North; Larry Myers of Omaha, son of Mr. and Mrs. Laurance Myers; Douglass Busskohl of Norfolk, son of Mr. and Mrs. Carl Busskohl; Bill Buckley of Metuchen, N.J., son of Mr. and Mrs. C. F. Buckley, Jr.; Jerry Overgaard of Lincoln, son of Mr. and Mrs. J. P. Overgaard; and Ivan Grupe of Byron, son of Mr. and Mrs. E. J. Grupe.

Named as Distinguished Nebraskaans in recognition of their service to the University were 5 students and 4 faculty members. They are:

Don Ferguson of North Platte, son of Mr. and Mrs. L. T. Ferguson; president of Interfraternity Council and Phi Gamma Delta and editor of Daily Nebraskan.

Gretchen Shilberg, daughter of Mr. and Mrs. Arvid Shilberg, 1960 Homecoming Queen, member of Student Council, vice chairman of People-to-People program, and board member of the Nebraska International Association.

Roy Arnold of Tekamah, son of Mr. and Mrs. Forrest A. Arnold; president of Farmhouse fraternity, Immune Society, Builders, Corn Cobs, and Student Council member.

Suzanne Tinn of Mitchell, S.D., daughter of Mr. and Mrs. Fred A. Tinn; 1962 May Queen, regional vice president of Intercollegiate Association of Women Students, a board member of Associated Women Students, and member of Student Council.

Gretchen Shilberg of Omaha, daughter of Mr. and Mrs. Fred A. Tinn; 1962 May Queen, regional vice president of Intercollegiate Association of Women Students, a board member of Associated Women Students, and member of Student Council.

### Faculty Members

Prof. Ferris W. Norris, former chairman of department of electrical engineering, "excellent teacher, master of arts, and continually aware of the problems of his students and ever ready to help."

Dean Helen Snyder, associate dean of students affairs, in charge of women's affairs, "a teacher whose pride in his profession is contagious."

Prof. James Morrison of School of Journalism, "a teacher whose pride in his profession is contagious."

Prof. Roberto Esquenazi-Mayo of Romance Languages department, "Nebraska's representative at the first meeting of the newly formed international society of Hispanists, to be held at Oxford University in England next September."

## Algeria's Europeans Are Fleeing

... TO FRANCE

Paris (AP) — European settlers have begun fleeing to France from Algeria in a flow expected to swell to a torrent as the North African territory becomes independent.

Planes and ships are filled to capacity as the exodus gets under way. The latest ship arriving in Marseille had about 1,000 passengers, more than twice as many as on previous recent trips.

The French government is set to handle 300,000 to 400,000 refugees from Algeria in the next 4 years out of a European population estimated at about one million. Many of the settlers were of Spanish, Italian or Maltese origin. Because most Frenchmen are revolted by the Secret Army's terrorist activities, the first refugees have been received with coolness in metropolitan France. Political discussions quickly developed into arguments.

## GIRL FRIEND CHARGED WITH IOWA MURDER

Romaine Billy

Cedar Rapids, Iowa (AP) — A teen-age lovers' quarrel over the girl dating another youth left a high school athlete dead and his girl friend charged with murder Friday.

The slaying of Billy Furnish, 17, who would have been graduated from Prairie High in two weeks, climaxed an argument with a pretty Romaine Schoenfeld, 15, that started on a school bus Thursday afternoon.

The body of Furnish, a wrestler and football halfback, was found in an upstairs hallway of the girl's home. He had a .22 caliber pistol wound in the chest.

The shooting occurred when Furnish went to the Schoenfeld home to demand the return of his picture.

Miss Schoenfeld, a freshman at Prairie High, said the boy slapped her face while they were riding on the bus, and later at the house pushed her around.

"He looked mean and nasty," she said. "He never looked like that before."

Romaine, whose parents, Mr. and Mrs. Walter Schoenfeld, were at work, said the boy rushed into her room to get his picture and she went into another bedroom for the gun.

## BARBARA MOORE ON THIRD DAY OF HUNGER STRIKE

London (AP) — Dr. Barbara Moore, the long-distance walker, was on the third day of her hunger strike in prison Friday.

A Home Office spokesman said the 58-year-old vegetarian had taken neither food nor drink since she was sent to prison Tuesday for contempt of court. She told her husband, art instructor Harry Moore, that she will "fast to the death."

Dr. Moore was sentenced to an indefinite term for refusing to obey an injunction prohibiting her from annoying a neighbor, Maj. Gen. Sir Keith Buchanan.

She and the general are disputing use of a sidewalk at the two-family house they share. Dr. Moore piled a variety of obstacles on the walk.

## New Formosa Port

Taipei (AP) — Hualien, on the Pacific, will become the third international port on Formosa next spring, communications authorities announced. The other two are Keelung in the north and Kaoshiung in the southwest.

## Reservoirs Gained 1.4 Million Feet Of Water In April

Omaha (AP) — The Missouri reservoir control center reported that the reservoirs picked up 1.4 million acre-feet of storage water during April.

Engineers explained that during the early part of the month there was a rapid accumulation of runoff from the plains snow melt.

"Impoundments in the main street reservoirs reduced the depth and duration of flooding on the Missouri River downstream, saving several million dollars in flood damages," the report said.

The 1962 April gain was exceeded only by the 1.9 million acre-feet increase in 1960. April also saw the first of 785,000 kilowatt generators at Oahe Dam begin commercial deliveries during testing operations.

## Skinner Winner Of Duchesne Medallion

Omaha (UPI) — Lloyd E. Skinner, 47, Omaha, has been announced as the first winner of the annual Blessed Philippine Duchesne missionary medallion, presented by Duchesne College and Academy here.

The award is for a Catholic layman who has done outstanding work for the missions. The medallion is in honor of Blessed Philippine Duchesne, a missionary educator, for whom the college and academy is named.

## Mosquito Motif

Moscow (AP) — The Soviet Union has contributed a special stamp to an international exhibit organized in Geneva by the World Health Organization on a single motif: Each stamp must bear a picture of the malaria-carrier Anopheles mosquito.

# Irrigate Corn, Beet Fields Immediately

... State's Farmers Are Advised

Hastings — Corn and sugar beet producers in the irrigated areas of Nebraska are urged to apply water as soon as possible to facilitate germination of corn seeds in view of extremely dry weather conditions.

"Water is needed immediately to facilitate germination of seeds already in the ground," said H. R. Mulliner, University of Nebraska District Extension Irrigationist stationed at Hastings.

"Farmers who have planted or soon will plant corn should make small ditches between the rows as soon as possible and start irrigating. There is no need for heavy irrigation, but one-half to one inch of water should be applied to germinate the seeds," Mulliner emphasized.

"Every effort should be made to get the water through the fields as fast as possible. In most cases the top 4 to 6 inches of soil is dry, but the subsoil contains adequate moisture. Irrigation should be limited to the topsoil at this time," said Mulliner.

## Nebraska News

"If farmers put on too much water, any fertilizer applied at planting time may be leached down into the subsoil away from the germinating seeds," cautioned Paul Fischbach, University of Nebraska Extension Irrigationist at Lincoln.

"A sprinkler irrigation system is a very efficient and effective way to moisten the topsoil," Fischbach stated.

"If farmers do not apply water, stands may be uneven and replanting may be necessary in some cases. Those who have seeded with surface planters may have more trouble than those who used listers or rotary moldboard planters," Fischbach said.

## KOEHNKE WILL DIRECT GREAT PLAINS WHEAT

A native Nebraskan, Marx F. Koehnke, has been named director of the Washington, D.C., office of Great Plains Wheat, Inc.

Koehnke

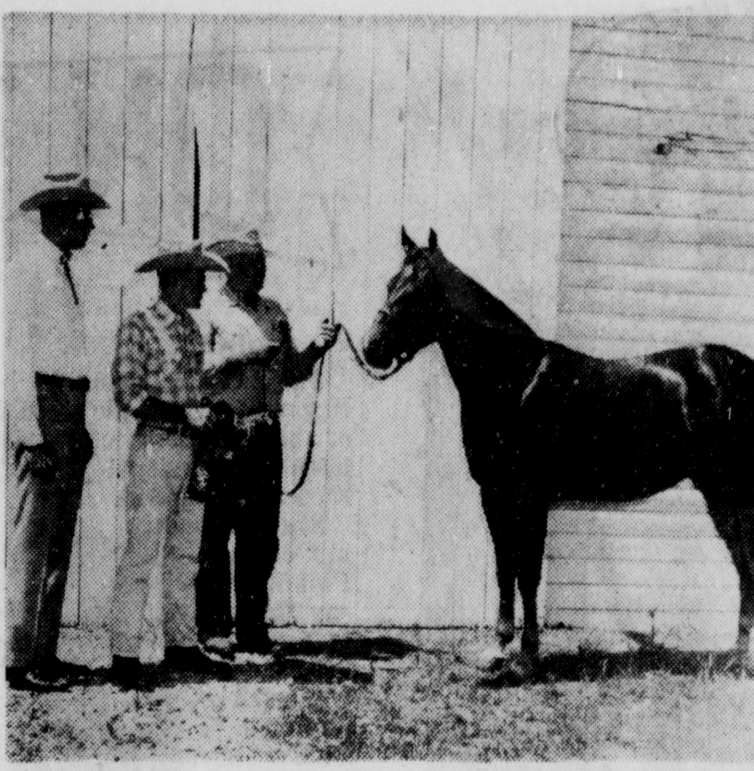

The announcement was made Friday by Richard Lewis, Arapahoe, chairman of the board of directors of GPW.

Koehnke, a native of Alliance, was associated with the Nebraska Wheat Growers Association when that organization first opened its Lincoln offices in 1957. He is a graduate of the University of Nebraska and prior to his work with NWGA was for more than 20 years in potato seed certification work in Nebraska.

Koehnke has been with GPW since 1960 when he became the Caribbean area representative for that group. He has been a member of wheat study teams which went to South America and the Caribbean area and assisted in establishing the South American operations of GPW.

In his position, Koehnke will head up the Washington, D.C., office of GPW, which is a regional market development association representing more than a quarter million wheat growers in the Great Plains states.

Forty-two cents of every dollar spent by consumers today is for services, as compared with 37c just five years ago. This rise in the use of services is reflected in the amount of newspaper advertising done by professional and service people. In

## Ericson Mare Grand Champion

This mare, "Lady Dondi," owned by Howard Pitzer of Ericson took grand champion honors at the 7th annual University of Nebraska Block and Bridle Club quarter horse show here this weekend. Reserve champion honors in the mare entries went to "Nancy Cox" owned by Lawrence W. De Haan of Brookings, S.D. Shown, left to right, are: James Kiser of Iowa State University, Ames, Ia., show judge; Bill Watkins of Arnold, show superintendent; and Pitzer. The show continues through Saturday noon. (U of N Photo)

## Curtis Accused Of Holding Up Action On Kennedy's Tax Bill

Washington (AP) — Democrats angrily accused Sen. Carl T. Curtis, R-Neb., Friday of filibustering in the finance committee in an effort to hold up action on President Kennedy's tax revision bill.

The charges flared after Curtis had quizzed Secretary of the Treasury Douglas Dillon for two hours and 20 minutes with no other senator getting a chance to ask any questions.

Curtis said he resented the accusations and that the majority was trying to impose a gag on him.

"What has happened," Sen. Eugene J. McCarthy, D-Minn., said, "is that you have gagged all of the rest of us by using up all of the time at Friday morning's session."

Sen. Paul H. Douglas, D-Ill., said it appeared to him Curtis had been "conducting a filibuster to tire out the secretary and impede the passage of this legislation."

Douglas said the Finance Committee is "the bottleneck" not only for the tax bill but other key parts of the administration's program, and that Curtis was trying to take advantage of this situation.

Dillon who had testified twice previously on the bulky bill, passed up a speech to the business council at Hot Springs, Va., to continue his testimony.

His appearance Friday was for questioning by a half a dozen committee members, including Curtis, who did not get to question him previously.

Democrats expressed satisfaction with Dillon's answers to one line of questions pressed by Curtis on dividend and interest income.

Curtis wanted to know if this would not be a severe handicap to old persons living on such income.

Dillon said an old couple with \$5,377 of annual income — \$2,178 from Social Security and \$3,199 from dividends and interest — would be exempt from withholding since they would not owe any tax at all.

## Hastings Voters Set New Record

Hastings (AP) — Hastings has the largest number of registered voters in its history for the May 15 primary election. City Clerk E. L. Dier said 12,658 have registered for the primary. The figure is 209 up from the total on the books for the 1960 presidential election.

Figures released by Dier give the Republican party a 1,515 voter advantage over the Democrats.

## Services Pending For Victor Toft

Omaha — Funeral arrangements are pending for Victor L. Toft, 64, executive vice president of the Sidles Company and president of the University of Nebraska Alumni Association.

Mr. Toft, resident of Lincoln before moving to Omaha in 1940, died Wednesday night in Lugano, Switzerland, after suffering a heart attack earlier in the day while on a NU Alumni Association sponsored tour of Europe.

## ULCA To Hold Final Convention

Fremont (UPI) — The concluding convention of the Central States Synod of the United Lutheran Church in America, as it is presently formed, begins at Midland College here Monday and runs through Wednesday.

The synod, including churches in Nebraska, Iowa, Kansas, Missouri, Arkansas, Oklahoma and Texas, will be replaced with a new central states synod later this year. The new synod will begin operation when the merger of 4 Lutheran church bodies into the Lutheran Church in America becomes effective at the beginning of next year.

Dr. Alfred W. Young, president of the synod, will be presiding at a communion service opening the convention Monday.

## Incumbent Congressmen Mostly Stay On Job

By The Associated Press — For the most part, Nebraska's 4 incumbent congressmen have remained in Washington during the primary election battling back home.

All 4, Reps. Glenn Cunningham, Phil Weaver, David Martin and Ralph Beermann, are seeking re-election as Republicans.

With the congressmen in Washington, the campaigning has been left to 15 other candidates, 10 of them Democrats and 5 Republicans.

In the new First District, where Weaver and Beermann nor are fighting for the same seat and former Congressman Robert Harrison also is a candidate, the incumbents faced the same choice of go or stay.

Beermann chose to stay in Washington for the House sessions. Weaver decided to come home and campaign as election day neared.

Tight Battle — In the particularly tight race, Weaver chose to walk the streets of his district shaking hands and greeting voters, his office said. Among the places he visited was the northern end of the new district, now represented by Beermann and formerly represented by Harrison.

Voted House permission to be absent, Weaver returned to Nebraska about two weeks ago.

In Washington, Beermann's office emphasized he "hasn't missed a day on the floor" and listed some of the legislation it said had been acted on while Weaver was gone.

Beermann, like Weaver and Martin, had made use of the Easter congressional recess for campaigning, and got in a few licks during GOP Founders Day in Lincoln April 7.

Martin, like Beermann, evidently was taking a calculated risk in staying in Washington. He faced a vocal opposition in 3 other Republican

candidates, Don Glantz of Central City, John A. Campbell of Central City and Bill Richards of Orleans.

Richards, unleashed a particularly heavy barrage.

Cunningham, unopposed for the nomination, didn't even come back for Founders Day, his office reported.

## Frenzel Renamed Head Of Welfare

Omaha (AP) — W. J. Frenzel of Omaha was re-elected president of the Nebraska Welfare Association at its annual meeting Friday.

Other officers named were: Harold Baker, Lincoln, first vice president; Mrs. Patrick Okura, Omaha, second vice president; Mrs. Jane McGoogan, Omaha secretary; and Carl E. Keig, Grand Island, treasurer.

## A Man Can Still Get a Cup of Coffee for a Nickel in Madison

In Madison, Nebraska you can still get a cup of coffee for a nickel.

You discover things like that when you travel around the state.

Fred Seaton has been doing a lot of traveling. Since January he's visited every one of Nebraska's 93 counties. In the photograph above, taken in February, you see him visiting with Aaron "Dutch" Wehenkel and the late Earl J. Moyer in Madison.

And, in case you're interested, the cafe right behind them is the Alpine, where you can get a cup of coffee for a nickel. And a big slab of home-made pie for a dime.

One reason Fred Seaton will make a good governor is that he respects other folks' viewpoints. He wants to know what Nebraskans want for Nebraska. So he goes out and talks to people. And he does a lot more listening than talking.

In the past five months, Fred has walked up and down the

main streets of Madison and more than 200 other Nebraska cities and towns. Just talking to people—asking about local problems, getting their ideas on how to make Nebraska grow faster, how to provide a brighter future for the state and its people.

Another reason Fred would make a good governor is the depth of his experience in public service. That experience extends all the way from the Unicameral in Lincoln to Capitol Hill in Washington. He's been a member of the Nebraska legislature, the United States Senate, the President's Cabinet. A lot of people say he was the best Secretary of the Interior this nation ever had.

And incidentally: If you have some ideas about Nebraska's future, please sit down and write Fred Seaton at the Hastings Tribune in Hastings. Or, wait a while—you'll probably see him walking down the main street of your town again in the near future.

## Clarke Favors Annual Sessions For Legislature

Alliance (AP) — George A. Clarke, candidate for the Republican nomination for governor, says he'd like to see a study made of the possibility of annual legislative sessions in Nebraska.

The legislature now meets once every two years.

In a talk to Rotary and Kiwanis Club members here, the Harrison rancher also called for a return to a partisan legislature.

Clarke endorsed the proposal of State Sen. Theodore McCosh of Scottsbluff for another state trade school. He said the school could be built at Curtis, if the University of Nebraska should drop its agriculture school there, otherwise the logical spot would be Scottsbluff.

## Farm Bill To Floor

By WILLIAM O. DOBLER

The administration's farm program has finally cleared the House Agriculture Committee by a narrow margin of one vote. This is clear evidence of the fact that the measure has more than its share of controversy surrounding it. Understanding of this controversy is not hard to come by. The simple fact is that the new bill is a tough approach to a long-standing problem. It is a lot like the President's substitution of tax concessions for new plant investment as a substitute for the so-called fast tax write-off.

Many want the fast tax write-off because it is simply a handout that accrues to the specific benefit of the individual and does nothing for anyone else. The concession for new plant and equipment investment, however, accrues little to the direct benefit of the specific owner of the plant but rather, to the benefit of the entire economy. Where a tax write-off simply results in larger profits, the investment incentive stimulates greater productive capacity and efficiency. Naturally, there are those who would prefer higher profits to better production — those who get the profits.

The President's farm program has much of the same idea in it. In the past the government has dawdled along trying to keep the farmer in business while letting him do as he pleased. But this approach has shown that you can't have your cake and eat it too. You can't pay forever for something that isn't meant to be.

The government cannot go on forever spending millions of dollars a day on price supports or stored crops. There simply isn't any alternative to it — the government either gets into agriculture and makes it pay or it must get out. Kennedy's program is based on this fact. The choice is up to the farmers themselves.

This fact, too, takes a little of the sting out of the bill. If the measure is as unbearable as its opponents claim, the farmers will certainly realize this and all they need to do is vote against the program. The Kennedy plan does not call for any automatic imposition of controls, price supports, etc. Approval of the program must come first from Congress and then from the farmers who would vote either to accept or reject provisions of the measure.

## To Dallas Via London

The English couple who left London by boat for a visit with relatives in Dallas, Tex., but ended up back in England after crossing the Atlantic twice has given people a good laugh. There are plenty who could sympathize with the elderly couple. The two came by boat to New York and then intended to travel by air to Dallas.

But they accidentally got aboard a plane back to London instead of the plane to Dallas. They were an hour out of Idlewild airport before their error began to dawn on them. The obliging airline, however, returned them at no cost to New York and made sure they then caught the right plane for Dallas. The experience is one many of us have often come close to.

And most of us have come to know the haunting uncertainty of not knowing whether we are on the right or wrong path. Make

An interesting feature of the bill is the provision for aid to farmers in developing idled land for recreational purposes. Actually, the idea is to put the farmer into a sort of side business — recreation for hunters, fishermen, golfers, etc. The plan may come as bad news to sportsmen who don't like the red tape or expense of such regulated recreation but the handwriting in this area of things has been on the wall for a long time. Free reign for sportsmen is a fast disappearing pleasure. This, of course, is another part of the over-all choice that will be given farmers.

Quite naturally, the choice is not a very pleasant one. They either vote themselves under strict government control or vote themselves into a free and open market. In the case of the latter, they will, in many instances, be voting themselves out of business. This is true in view of another fact — agricultural production is of such proportions today that its potential is far beyond the consumptive capacity of the market.

At that, the bill is still not as terrible a monster as many would have you believe. It simply imposes realistic controls so that the farmer cannot produce under government supports more food than the market can absorb. Some would have you believe that the Kennedy program is the first to bring the farmer under control.

This is not the case. The farmer has been operating under controls for years in a majority of cases. The only thing is that the controls have always left a loophole in the past and the administration

now proposes to close the loopholes or eliminate the controls. Naturally, there are some interests that would prefer to have the government guaranteeing a living for them but permitting them freedom to do as they please, even at the expense of others. It is not believed that most farmers are this greedy but it doesn't take many to make quite a big noise.

It is difficult to see what other alternative there is to the Kennedy farm program. Its distasteful aspects cannot be hidden but neither can the failure of the past approach. You can't be sinking and swimming at the same time and this is what many farmers have been doing for years.

### Control Not New

"Where Did This Darn Stone Come From?"

DREW PEARSON

## Extremists Display Communist Tactics

WASHINGTON — Some hair-raising events have taken place in Miami recently involving three "Minute Men" who have now been charged with training in the everglades swamps with rifles and hand grenades and one of them with a plot to blow up synagogues and assassinate the state's attorney.

The secret plot first began to unfold on February 18 when the home of Don Shoemaker, editor of the Miami Herald, was bombed. The police suspected a cell of right-wing extremists who had been feeding on "communist study group" right-wing propaganda.

One of the suspects worked for the Miami water department as a meter reader. Therefore, a rookie policeman, Stephan Plumacher, born in Germany, who had served with the U.S. Army in Germany, was planted inside the water department to make contact with the plotters.

He reported back that the right-wing extremists were plotting to kill state's attorney Richard Gerstein and Jack Gordon, a member of the school board who has been under right-wing attack because he championed the right of schoolteachers to teach the problems and functions of the United Nations.

During all the time the plotters were scheming against State's Attorney Gerstein, he was aware of that fact but refused to have any arrests made. He was anxious

to collect full and complete evidence.

Meanwhile, the plotters were putting Plumacher, the rookie cop, through a rigorous initiation to make sure he was not a spy. A few days ago they gave him five sticks of dynamite, told him to blow up a synagogue. This presented a ticklish problem. If Plumacher didn't go through with the initiation, he would lose their confidence. If he did go through with it, he would cause a tragedy.

So the Miami police helped him wrap five broomsticks in brown paper to resemble dynamite. He lit the fuse; the police discovered the "dynamite," gave the papers the story that the fuse had burned to within two feet of the explosives.

Last week, the police finally closed in. They arrested, in addition to Branch, Michael Babey, also a meter reader for the Miami water department, and George Victor, an unemployed electrician. All are members of Florida States Rights, Inc. Branch is reputed to be a member of the American Nazi Party. In his house was found a quantity of American Nazi literature.

State's Attorney Gerstein during the war flew B-17 bombing raids over Germany, was not upset now over the fact that for about two months he had lived in constant danger of death.

"This was a case," he said, "of people wanting to save America from communism by using the tactics of communism."

DORIS FLEESON

## Ike Pays Visit To Washington

WASHINGTON — Republicans have proved again that the 22nd Amendment they sped through the first Eisenhower Congress was probably a mistake from their own point of view. In fact, they have Eisenhower's word for it.

The former President repeatedly jested about the constitutional bar to a third term during a day-long effort here to promote Republican fortunes in the congressional elections next fall. He succeeded chiefly in showing that he hasn't changed his special brand of mildly controversial politics or his equally distinctive prose.

He is, for example, against the centralized tendencies of the Kennedy administration, but he believes that no one except the President himself has the detailed information which qualifies one to discuss foreign policy in any detail. Rather kindly, he suggested that Kennedy seems to be "growing in firmness" with respect to foreign affairs.

Reporters felt completely at home with the attractive public personality they had dealt with for eight years. The happy homecoming impression was only heightened when he had to confess at one point that he had "skipped a boundary" between South Viet Nam and Laos. As always, his effect came from what he was rather than what he said.

His special brand of political innocence reappeared when he revealed he had dropped in at Walter Reed Hospital for a checkup by

government doctors en route to his political appearance, which included an attack on socialized medicine.

It is always a question how much political appeal adheres to a President out of office. Unless he has had an unusually disastrous career, he can always rally the troops of his own party, and, of course, public attention to greater or less degree is given to his views.

He is especially valuable when his party is out of power, as Harry Truman was to Democrats when Eisenhower was in office. Now it appears that Republicans will make equal use of Eisenhower, even though many of its leading figures are adopting a line well to the right of his moderate Republicanism.

There may possibly be a dividend in the comfortable Eisenhower aura spread over Capitol Hill because it coincides with the public tensions President Kennedy is compelled to acknowledge and discuss. His press conference this week went from crisis to crisis, foreign and domestic.

The careful watch kept by the White House on the response it is getting from the people was shown again in the President's opening statement — an attack upon the opposition to his tax bill. The only persons to be hurt by his withholding tax on dividends, he said, would be those who had been evading such tax payments at a cost to the treasury of \$800 million annually.

Copyright, 1962 By U.F. Syndicate, Inc.

# ON TARGET

By DON WALTON

Somebody is going to be surprised when the results of the First District Republican congressional primary race are compiled.

Supporters of Rep. Phil Weaver say the tide is running in their favor and victory will be his. Rep. Ralph Beermann's backers are likewise privately predicting an Election Day triumph.

It is impossible to say who is going to win this struggle. The presence of two other Republican candidates — former Rep. Robert Harrison and Lincolnite William Swearingen — complicates the issue.

The fact that the First is now a new congressional district presents a multitude of uncertain factors. The district, for instance, is 54% rural, including communities of less than 2,500. Yet, a healthy chunk (24%) of its population lives in Lincoln.

Who is going to win? We think Weaver held the initial advantage; Beermann has been closing fast, gaining steadily, may even be ahead by now. We think it all depends on these last 3 crucial days.

This guy Schwarz says we aren't winning the cold war. He branded the Alliance

for Progress as a "Marxist program" and confidently forecast its demise. "We must reach people with ideas," the doctor declares.

Well, Doctor, you can't eat ideas. You can't put them over your head to keep out the wind and the rain and the cold. You can't wrap your baby in them to shelter it from the weather.

The Alliance for Progress seeks to fill the stomach as well as the brain. And if you do not provide for the former before the latter, then you have only nourished death, Doctor.

If I were starving and I could choose food or an idea ... well, the line forms to the right. And, Doctor, you'd be in the same line.

Developing the Latin American economy within the framework of democracy is Marxist? Providing aid to boost the standard of living and give to the Latin a better life is Marxist? Not Marxist, Doctor, Marvelous.

We asked Schwarz how long he expected to continue his "crusade" against communism. The answer: "Until I have communism defeated, and its program." Enough said?

Urban renewal would be good for Lincoln.

Those who live off the woes of the unfortunate, those who allow this city to decay and rot, thus reducing their taxes and narrowing our tax base through pur-

poseful deterioration don't like it.

Neither do the fear-mongers, nor the unreasoning citizens who equate the federal government with some foreign body which seeks only to subjugate and oppress.

Not all the opponents of urban renewal fall into those categories, of course. But we believe that the honest, sincere and intelligent Lincolnite who opposes this program is simply uninformed.

Contrary to what you may be told, there is no "sinister scheme" behind urban renewal. Lincoln won't fall into the Dark Ages if the program is approved. The federal government (shudder) is not about to take over our fair city if you vote for the plan.

Rather, it is the campaign against urban renewal which has often been sinister. It is here that you feel closer to the Dark Ages.

Every city has its share of obstructionists. People fear new things. Your first plane ride was scary; you were frightened when you learned to swim.

The dark scared you when you were a child.

But, just because you cannot see exactly what lies ahead, this is no reason to fear tomorrow. For tomorrow will be a better day, a bright day if you prepare for it. The aggressive city prefers tomorrow to today.

There is no good reason for grown men to be afraid of the dark.

## Your Four Cents Worth

Brevity in letters is requested, but length in itself will have no bearing on publication. Writers are advised that needless details and repetitious matter will be edited out of letters. Too frequent contributions from one person on the same subject may be rejected. All letters must be accompanied by writer's true name but may be submitted for publication under a pen name or initials. However, letters will be printed under a pen name or initials only at the editor's discretion.

### Political Move

Plattsmouth, Neb.

Morrie Ryskind and Dr. Frederick Schwarz are carrying out a well-planned political move at the expense of the Nebraska taxpayers.

Mr. Ryskind attacked Tom Bonner, the Democratic congressional candidate, on May 6. Mr. Schwarz and his gang moved in on May 7. This all took place the week before our primary election.

Consequently, issues of real concern to Nebraska voters are pushed aside by a wave of emotion concerning communism.

Let's not forget that this is Mr. Schwarz' and Ryskind's profession. They make their living this way.

ANTI-COMMUNIST

### Medical Programs

Lincoln, Neb.

I have read your editorial "Issues Not Yet Clear," in the May 5 Star. I do not like the tone of this editorial, for it sounds like a part of the mass program being used by the administration to push this legislation through Congress.

You state that the state organization intends to pursue Nebraska approval of the Kerr-Mills bill in the 1962 Legislature. To quote you: "It was rather remarkable that the Legislature turned this program down last year, and there is little doubt that a concentrated effort by the medical group would result in its passage. It is not that the Kerr-Mills is much of a program, but is used as a weapon against any Social Security approach to medical care. The Legislature will probably never like even Kerr-Mills, but it would take it if it were convinced that such action might help shut off the Kennedy program — known as the King-Anderson bill."

This involves great political foresight, I am sure, to make this kind of a prediction and be certain that these things will come to pass. I believe that the Kerr-Mills program was not favorably accepted by the Legislature last year because they did not fully understand it and also the Legislature was fearful of adding anything that would cost the state of Nebraska some money. Our last Legislature, as you will agree, was quite economically minded and very loath to increase the budget in any area, and more especially on a new kind of medical care program. How the Legislature will act upon this bill in the coming session, I do not know, but I do believe they will give it more favorable consideration than they did before, after they fully understand that this bill more

completely meets the medical needs of those who need it the most.

The greatest fault with the King-Anderson bill lies in the fact that it will provide limited care to all over 65 years eligible for Social Security benefits, rich and poor alike, but it would deny these services to many poor and destitute men and women who can never qualify for Social Security. However, it is this segment of our population who are most in need of help, and it is this group whose problems of health make for the great problems of medical care. This is a great inequity for the young worker who has to pay the Social Security tax over so many years, and he well knows that a large part of his tax will be used for the support of these who actually do not need it.

The second major defect of this plan is the enormous cost. Many in high government places have voiced this opinion and I would like to mention the names of two, namely, Senator Harry F. Byrd, Democrat from Virginia, and Postmaster General J. Edward Day.

It is also believed by many thoughtful people that the Social Security approach to this problem would lead us further down the road to socialism, and I am convinced that it would in time socialize the practice of medicine. The public has been led to believe that they can get government financing without government control and ultimate government operation of medical service in the same manner. It is naive for anyone to believe that Congress will take the people's money away from them

through taxation and then allow the money to be spent by someone else without Congress' maintaining its own firm control.

Why every citizen of this country is not fearful of this change is difficult to understand, since the whole problem is so very basic. Is it because we have come to expect government hand-outs? Have we lost something of the moral fiber of our ancestors? This whole problem involves great change in our political thinking. We all should have a deep concern for the philosophy of government, and we should be loath to change in any remarkable way that government that has made our nation so great — yes, the greatest of all nations. This government gives us a way of life with freedom of thought and action and, yes, even a free choice of physician and the kind of medical practice that one wants. Freedom is indivisible and I am sure you will have to agree that the social planners and the people in high government places who incline toward the left in their political thinking have gradually chiseled away some of the freedom that Americans once knew.

The fundamental issue, then, that is actually involved in this whole proposition is that a definite change to the left has taken place in our political thinking. We in medicine have recognized this change, and we feel that it is our responsibility and our duty to speak out against this philosophy of government every time the chance presents itself.

# Money Differences Often Can Mar Marital Bliss

By ROBERT PETERSON  
Q. "I'm 65, retired, and last year merged with a lovely widow my age. We get along fine except that I assumed we would also merge our monthly income — mine of \$258 and hers of \$178. But she dotes on a daughter whose husband would rather drink than work so she sends the girl \$150 a month from her check. Am I unreasonable in objecting?"  
A. Folks along in years should always work out a harmonious financial understanding before tying the knot — especially if there are children involved. It is customary for married couples to pool their resources and have a mutual understanding about the use of their combined incomes.

Legally, a husband is required to support a wife, and a wife is entitled to spend her personal money as she chooses. But strict adherence to the law in these matters is a sure route to marital discord.  
Q. "I gave up husband-hunting after 35 and learned to live alone and like it. But recently a bachelor my age moved into the next apartment and within a month we were holding hands. I've got no doubts about him. He likes me, he's on the level, and I like him. But some of my friends think it's the funniest thing in the world for me to be falling in love at 54."  
A. Romance is a great thing whenever it happens and never deserves the public tittering so often gener-

ated when older people fall in love. Folks along in years who have been waiting for romance a long time may find more solid satisfaction in late marriages than many youngsters derive from teenage alliances.  
Q. "I'm 65 but everyone takes me for around 45 or 46 and I never tell them differently. I enjoy being taken for younger and spend two hours a day on my appearance. What's wrong with that?"  
A. There's nothing wrong with trying to look your best. But I don't think it's very bright wasting valuable hours trying to turn back the clock. Whether you look 45 or 65 means little when it comes to having fun and making friends, and you'd be wiser cultivat-

ing your mind and taking a keener interest in others. You may think folks take you for 20 years younger, but you probably aren't fooling many.  
Q. "I'm 58 with independent means, widowed three years, and quite frankly  
eager to remarry. Where can I get in touch with one of those lonely hearts clubs one hears about?"  
A. You won't find any of them listed in this column — simply because such clubs haven't perfected methods for screening out the professional romancers ready to fleece the trusting and unsuspecting. Your best bet is the tried and true method of (1) joining reliable organizations and going places where you can get acquainted with a variety of reputable men and women, and (2) making yourself as attractive and as interesting as possible to those you meet.  
If you would like a booklet "Staying Attractive in Later Years" write to this column c/o The Lincoln Star enclosing a stamped, self-addressed long envelope and 10 cents to cover handling costs.

## Dana Receives \$10,000 Estate

Blair — President C. C. Madsen announced a gift of \$10,000 from the estate of the late Henry Ruwe, Blair, to Dana College.  
Dr. Madsen said the money will be used to help pay for the new half-million dollar Charles A. Dana Hall of Science, now under construction.

## Reformatory Men Aid 9-Year-Old Philippine Girl

More than 100 inmates at the State Reformatory have donated \$129.50 toward supporting a 9-year-old Philippine girl through the Foster Parents Plan, Inc.  
Clarence V. Keller, superintendent at the Reformatory, said the money would be used for Maria Socorro M. Macalino, whose parents both have tuberculosis.  
The cost of sponsoring a child in the Foster Parents Plan is \$180 per year and another collection will be taken later to raise the remainder of the money, Keller said.  
The money is used for food, clothing and school costs. Keller explained that the men who donated rarely earn more than 30 cents per day.

## Money Given To Establish History Fund

A donation of \$10,000 has been made to the University of Nebraska Foundation by Mr. and Mrs. William S. Heitzman of Osceola for fellowships in the graduate college, announced Herb Potter, the assistant treasurer of the Foundation.  
The trust agreement establishing the fellowship fund says that the money is to be used to support an annual \$1,000 fellowship to be given to a graduate student majoring in American history.  
Fellowship recipients are to be selected by the graduate committee of the department of history or by a committee appointed for this purpose by the chancellor of the university.

# Officials See Frontier Action As Truce Flag

Nebraska aeronautics officials were hopeful Friday of a new aura of good will in the state's running feud with Frontier Airlines.

The hope stemmed from a surprise move in Washington Friday by Frontier, which petitioned the Civil Aeronautics Board for permission to continue service to Hastings, Kearney, McCook, Alliance and Chadron.

The airline earlier, under different management, had petitioned for removal of the 5 cities, as well as Imperial, Sidney and Beatrice, from its Nebraska service. A CAB examiner, Barron Fredrick, had approved the Frontier filing for elimination of the cities.

Lewis W. Dymond, the new

president of Frontier, said he did not feel that Frontier in good conscience could drop the cities.

He said in a statement issued by Frontier offices in Denver that friction built up by constant disputes between the state and the airline might have been a factor in the cities' disappointing passenger boardings.

Dymond, who took over as president April 10 succeeding L. B. Maytag, who sold out his controlling interest, said the airline had taken into account "existence of the dispute between Nebraska and Frontier."

The dispute began some 3 years ago, soon after Maytag took over. At one time, Frontier refused to land its airplanes at Sidney, was fined by a judge for contempt of court in an action involving its northern Nebraska route, and was berated by cities on both the northern and southern route for lack of service and poor public relations.

## Need CAB OK

Nebraska Aeronautics Director James Sandstedt said he hoped that the CAB would go along with the Frontier request for reinstatement of the 5 cities for another year.

He said he hoped further that the same consideration could be shown to Beatrice, Sidney and Imperial.

"It would be only fair to include those 3 cities," Sandstedt said.

He said the theory of Frontier's new management is that money which in the past has been spent in litigation resulting from squabbles between Frontier and the state should be spent in promoting the airline in Nebraska.

"Frontier's new management, recognizing its role as a local service carrier created for the very purpose of serving communities previously without air service, intends to pursue vigorously a course

of sales development which it believes will increase average daily passenger use to above that set forth in the use-it-or-lose-it policy of the CAB," Dymond said.

## Use-it-or-Lose-it

Under that policy, a community must produce at least 5 boardings a day to maintain service.

Dymond said Frontier was with the state could have inhibited "the full realization of the traffic potential of the 5 cities. Therefore, the management does not feel justified in following without questioning the position of the previous management."

The Frontier motion calls for continued service for one year to Hastings, Kearney and McCook on a Denver-Omaha southern Nebraska route and to Chadron and Alliance on Denver-Rapid City, S.D., north-south route.

Dymond said Frontier was "imposing no objection" to the CAB examiner's report that service should be deleted to Beatrice, Imperial and Sidney and to Sterling, Colo.; Lemmon, S.D., and Dickinson, N.D.

Deletion of the latter points, he said, would not only reduce Frontier's costs, but also "enhance the traffic flow on the routes involved."

Also not affected by the motion would be Frontier's route 13 across northern Nebraska, where the CAB has ordered deletion of the entire route. The Nebraska Railway Commission, however, is seeking to force Frontier to begin flying the route again, holding that it has the power to make such an order in a case involving intrastate service.

## State Institutions Safety Program In Full Swing

A safety program designed to cut down on the frequency of accidents among state employees is in full swing at all state institutions, Ben Zersen, state safety engineer in the Department of Labor, said Friday.

At Zersen's request, State

## Emergency Shop Elects Rev. Puls

The Rev. W. F. Puls was elected president of the Lancaster County Community Emergency Shop Friday, succeeding Mrs. Sidney Anderson.

Other officers were re-elected with Mrs. Lawrence Liebers, vice president; Madeline Girard, secretary, and Mrs. Allen Korsmeyer as treasurer.

The organization was founded in 1931 to help meet the needs of the depression and has since become a permanent agency to provide clothes and household articles for needy persons.

Institutional Director George Morris asked directors of the various institutions to appoint a safety director to coordinate the safety program.

"We've had very good cooperation from them," Zersen said.

State Labor Commissioner Donald Bastemeyer said the main aim of the program is to "eliminate the misery and loss of earnings to individual workers." But he pointed out a reduction in the number of accidents to state employees also saves the state money since the injured workers are covered by workmen's compensation, the state's self-insurance setup.

Zersen said the state institutions averaged 40.1 acci-

dents per 1 million man hours worked during the period from July 1, 1960 to June 30, 1961.

In the following 6 months this accident frequency went down to 31.26, he reported.

Since the safety program started in the institutions this year, monthly inspections have been made by the safety committee at each institution and reports of their findings submitted to the labor department.

Zersen said each accident is now investigated and the committees make recommendations for avoiding the same mishap again. He said reports this year show an improvement, although no complete figures are available.

## 9 School Petitions Approved

The State Committee for the Reorganization of School Districts has approved 9 petition plans submitted to it for the consolidation of school districts in the state.

Ten other plans were given qualified approval and 8 were disapproved.

Approved:

—Clay County, dissolve Dist. 34 and attach to Dist. 12 (Edgar).

—Franklin County, dissolve Dist. 38 and attach to Dist. R-13 (Campbell).

—Holt County, adjust the boundary lines of Dist. 30 (Imman) and 29 (Ewing).

—Perkins County, dissolve Dist. 61 and attach to Dist. 33 (Grant) and 65 (Vernon).

—Saunders County, dissolve Dist. 64 and attach to Dist. 39 (Wahoo).

—Sherman County, dissolve Dist. 74 and attach to Dist. 15 (Litchfield).

—Webster County, dissolve Dist. 30 and attach to Dist. 2 (Red Cloud).

—Webster County, dissolve Dist. 26 and attach to Dist. 2 (Red Cloud).

—Webster County, dissolve Dist. 18 and attach to Dist. 2 (Red Cloud).

Qualified Approval:

—Greeley County, dissolve Dist. 38 and attach to Dist. 35 (Spalding).

—Greeley and Howard Counties, dissolve Dist. 52 and attach to Dist. 14 (Colefield).

—Holt County, dissolve Dist. 99 and attach to Dist. 141 and 20.

—Johnson and Nemaha Counties, dissolve Dist. 72, Johnson County, and attach to Dist. 23 (Johnson) and 15 (Johnson County).

—Nemaha and Richardson Counties, dissolve Dist. 58, Nemaha County, and attach to Dist. 36 (Nemaha), 3, 1, and 102 (Shubert).

—Rock County, dissolve Dist. 51 and attach to Dist. 9, 40, 72, and 77.

—Saunders County, dissolve Dist. 59 and attach to Dist. 31 (Ceresco).

—Thayer County, dissolve Dist. 91 and attach to Dist. 68 (Byron).

—Thurston County, attach a portion of Dist. 29 to Dist. 10.

—Wayne County, dissolve Dist. 78 and attach to Dist. 9 (Hoskins).

Disapproved:

—Cherry County, attach a portion of Dist. 29 to Dist. 172.

—Colfax County, dissolve Dist. 26, 28, and 61 and create a new district.

—Colfax County, dissolve Dist. 60 and attach to Dist. 3.

—Custer County, dissolve Dist. 150 and attach to Dist. 240.

—Dodge County, attach portions of Dist. 61 to Dist. 46 (Dodge) and 27.

—Merrick and Nance Counties, dissolve Dist. 51, Merrick County, and attach to Dist. 55, Nance County, 19 and 20, Merrick County.

—Sherman County, dissolve Dist. 14, 25, and 72 and create a new district to be known as Dist. 14.

—York County, dissolve School Dist. (Thayer) and attach to Dist. 34 (Waco).

## Beatrice Foods Tops Half-Billion Dollars In Sales

Chicago, Ill. — Sales for the fiscal year ending Feb. 28 topped the half-billion dollar mark for the first time in the Beatrice Foods Co. history, President William G. Karnes said.

It was the 12th consecutive year that sales have increased and the 10th straight year that earnings have risen, Karnes told stockholders in the company's 64th annual report.

"In fact, in the last decade, while sales have increased by 136%, net earnings have shown a gain of 202%," he noted. Total sales for the year amounted to \$539,192,494 and net earnings totaled \$11,824,166.

NEW WAY TO BE  
SUDDENLY SLIM

Are you a woman whose figure is on the good side but might look perfect? You'll be thrilled by the new easy way science has discovered for you to become Suddenly Slim. If you're more than 15 pounds overweight, then this idea is not for you. If your weight problem falls within this range, then you can realize a new, smoother figure today, without diet or exercise.

Suddenly Slim is an all-new kind of 4-oz. girdle constructed of science fibers. A startling innovation is the sheer front panel. This is permanently stiffened by a science process and cannot give or sag. It's surrounded by a slimming action border. A featherstitched panel down each side of this girdle will contour your hips if they are a problem. The girdle itself is of "wonder" Lycra spandex fiber. It feels like nothing on but has such slimming strength it gives your figure everything that's possible with a foundation.

"Suddenly Slim" is the peak achievement of the designer-genius, Olga.

Preparations For Trail Days  
Event At Hooper Under Way

Lincoln Star Special

Hooper — Hooper will take on a distinct western air the next few weeks, as residents make preparations for a big celebration, dubbed Nebraska Trail Days, scheduled for Saturday and Sunday, June 16 and 17.

Named as general chairmen were Ernest Samson, Clarke Warne and Donald Shaffer. Western garb will be worn by Hooperites, but whisker growing has been ruled out.

Big feature of the two-day affair will be a buffalo barbecue, with a chef coming from Kansas City to superintend preparation and serving of the meat. The buffalo has been purchased and is on feed now. The meal will feature good home cooking, and will be served outdoors . . . moved to Hooper's big auditorium in case of rain.

Other events planned include a carnival, contests, games, dances both evenings, and more events are being added daily to make this one

of the biggest events ever held in Hooper.

Nebraska Trail Days is being sponsored by Hooper's Community Council, and co-operating organizations include the Hooper Commercial Club, Lions Club, Fire Dept., American Legion, and VFW's Women's Groups

Nebraska News

which will have the lunch stands are Hooper Woman's Club, American Legion Auxiliary, VFW Auxiliary, Hooper Extension Club, and Elkhorn View Extension Club.

A booster trip over the entire area is planned for Friday, June 15, with a caravan of cars accompanied by special attractions.

Hastings Pair  
Among Buyers Of  
Roofing Firm

Phillipsburg, Kan. (AP) — Eight Kansas and Nebraska men have purchased the Bear Brand Roofing Co. plant here.

The plant, employing from 80 to 100 workers, was obtained from the estates of N. A. Cross and J. W. Gossett, operators of the parent firm at Bearden, Ark.

The buyers said they planned to continue production with no personnel changes. They will be required, however, to change the firm's name.

The buyers were J. D. Conway and Leo Nelson, Hastings, Neb.; F. W. Boyd of Mankato, Kan., and But Broun, Fred Steffens, Elmer and Don Lumpkin and Howard Vogel, all of Phillipsburg.

# Stock Brokerage Case Irregularities Cited As Examples

## Major Firm Said Involved

Washington (AP)—Alleged irregularities in one of the nation's biggest brokerage houses were cited Friday to illustrate dangers spawned by the rapid growth of the securities industry.

"We do have occasional things that happen no matter how hard you try to set up standards," said Harold L. Bache Sr., senior managing partner in Bache & Co. of New York City and a broker for 48 years.

Richard H. Paul, counsel at Securities and Exchange Commission hearing on training, qualifications and sales techniques of securities salesman, said the cases were brought up to show what can happen in even the soundest firms. He added that he did not want to magnify isolated incidents unduly.

### Seattle Office

Both incidents involved the Seattle office of Bache.

One case was that of a salesman suspected of helping a customer obtain "free rides" in stock trading. The customer would sell a sizable amount of stock, then order a similar amount of some other issue.

Contrary to regulations, he would try to receive Bache's check for the sale in order to make good his own check for the purchase, hoping that a rise in market values meanwhile would enable him to continue trading checks, gaining financial ground meanwhile, without supplying any additional capital.

The other case involved a salesman who had authority to use his own judgment in handling the account of a divorcee who invested \$12,456 initially. The salesman turned over her entire investment 15 times in little over a year, causing her a loss of \$2,700 in market setbacks and \$4,000 in commission charges.

### Statement Read

Paul read a statement from the woman, referred to only as "Mrs. Blank," saying she had great difficulty getting the trading with her funds halted. She said she did not understand why the salesman had not been fired after she brought the situation to the attention of Bache's Seattle manager, Girtin Viereck.

The woman said the salesman had even fleeced his own mother in similar fashion.

Viereck told the hearing he had investigated the complaint and was told by the trust officer of a bank, who was friendly with the woman, that she wanted to engage in active trading. Viereck said he then barred the woman from operating on margin or credit.

### No Names Given

The SEC did not mention the names of either the salesman or the customers involved. One salesman was said to have been discharged last October "without prejudice," and the second to have resigned 10 days ago to operate his own mutual fund sales organization.

Paul read a statement from the salesman involved in the "free riding" incident. In it, the man said he had been a Bache customer before becoming a salesman and that he had been allowed to do the same thing.

Viereck said, in response to a question, that he did not check back to see if this allegation was correct.

Bache, testifying in the fifth day of the public hearing following to several weeks of closed inquiry, was flanked by several of his firm's executives. He told of a rapid expansion across the country and overseas in the past three years.

## ELEPHANT HONORS HARVARD

A large female elephant representing Harvard University in the Intercollegiate Elephant Racing championships is awarded a trophy on the campus of Orange County State College at Fullerton, Calif.

# Harvard Elephant Wins

Fullerton, Calif. (UPI)—The first intercollegiate elephant race turned into a spirited foot race—the human kind—when one over-enthusiastic pachyderm kept right on going into the crowd at the finish line.

Harvard's rented elephant, Sonita, walked off with the sweepstakes award—presented "75 per cent on the basis of personality." There was much grumbling among the 14 other schools who figured their entries had just as much ability, and personality, if not old school background.

No one was injured when Long Beach State College's Kenny II labored down the stretch in an oat field and took no heed when its anxious young rider tried to bring him to a halt.

The spectators at the finish line of the combined sprint-obstacle race took flight and proved more maneuverable than Kenny II, who gave up the chase a block away.

Kenny II, a varsity entry rented from the Royal Emerald Ranch at Corona, Calif., had the best time. However, the crowd of 8,000 to 10,000

jured to Orange County State College met with some disappointment because officials of the hastily arranged dumb derby decided to run the elephants separately in heats, rather than against one another.

There were 3 classes for what may be the last as well as first race of its kind. Only bigger elephants in the varsity competition carried riders.

Despite the fact Sonita of Harvard won the sweepstakes award, the elephant didn't win a single one of the 3 varsity events. Sonita did place second to Calvin Cool-

idge, the Chapman, Calif., entry, in the second obstacle event, and third in the final varsity contest—in which Nevada's Bertha took first and Calvin Coolidge second.

In the smaller category, where the pachyderms ran only about 3 quarters of a ton. Judy, entered by the University of Washington, took the "frosh" prize. She beat Debbie of Fullerton Junior College and Liz of Cal Tech.

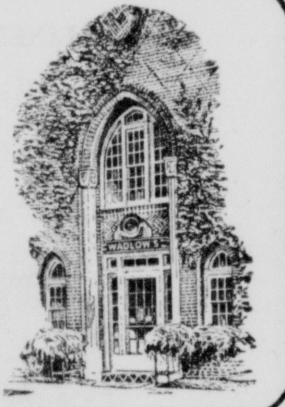

The crowd was 5 times bigger than any other to turn up on the Orange County State Campus—that previous throng was 2,000 people for an open house.

## Schwarz Brushes Off Critics As Week-Long 'School' Ends

By DEAN TERRILL  
Southeast Nebraska Bureau

Omaha — Critics of Dr. Frederick C. Schwarz were brushed off at the "Midwest School of Anti-Communism" here Friday night with a remark that "the noise is out of all proportion to the number."

The president of the Christian Anti-Communism Crusade defended his organization before some 500 persons at the victory dinner climaxing a week of lectures.

"Ridiculous and sordid accusations have been charged against us," he stated. "Some people you can't reach with logic, but they're a tiny minority."

An offering of \$17,565 was collected at the dinner, \$5,000 of this announced as a single anonymous gift. No total figure for the week was related.

The Australian physician was interrupted with applause repeatedly and he cautioned against apathy toward the spread of Communism. But, he added, Americans are committed against its doctrines and "are anxious for a program to combat them."

Other speakers, including Crusade vice president W. P. Strube Jr., particularly noted the Red menace to Haiti, British Guiana, Africa and Jamaica.

"We have a fantastic opportunity in Jamaica, but un-

less we respond we can find it falling to Communism within a few months," Strube said.

Announcing a scheduled school for New York City, Dr. Schwarz said this locale was chosen in part because it is a communications hub. He described the press as unfair to his campaign.

"We're going to force the news media to tell a true and accurate story," he asserted.

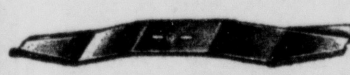

## Oran Youths Are Top Terrorists, Police Head Says

Oran, Algeria (AP)—The police chief of Oran blamed city officials and church leaders for Oran's terrorist activities.

Police Prefect Joseph Biget charged the youth of Oran with most of the city's terrorist action and said the church and elected municipal authorities held full responsibility for not setting the youth right and showing a proper example. Biget did not specify what church he meant.

At a news conference he linked civil servants and leaders of employers associations with the city officials and church authorities. Some civil servants, he said were even guilty "of having set bombs to kill their prefect."

# Macmillan Defends His Government

London (AP)—Prime Minister Macmillan Friday might defiantly defended his policies after one of the biggest displays of national displeasure at Conservative management since he took office.

Looking far beyond setbacks suffered by the Conservatives in local government elections, Macmillan offered his followers what he called 4 essential tasks needed to keep Britain great.

Addressing a party gathering at Inverness, Scotland, he called for sound economic expansion, a full British contribution to allied defenses against communism, a continued struggle for a just peace and a rededication to the Commonwealth.

The prime minister clearly was hoping to rally his supporters, shocked and dismayed by a swing to the left in local elections through England and Wales that shot nearly 600 Conservative councilmen out of their seats.

The final scoreboard showed:

Conservatives — 571 seats lost, 13 gained.  
 Labor — 78 lost, 372 gained.  
 Liberal — 12 lost, 344 gained.

The Tories lost political control of 37 town councils, nearly all to Laborites who benefitted from the Liberal intervention.

Political observers said that if Labor and the resurgent Liberals maintain their popularity, the Conservatives face almost certain loss of Parliamentary control in the next election.

Conservatives hope their popularity will rise sharply if present unpopular policies help revitalize the economy and if Britain is successful in its bid to join the flourishing Common Market.

Macmillan's government still has two years to run, and he has fought back in the past from a seemingly hopeless electoral position.

The Tory leader said the government does not intend to be deflected from carrying out what it sees as the right interests of the nation.

"Do not forget that what matters is where the horse and the jockey are at the finishing post," he said.

"The greatest threat to the strength and stability of Britain is still a return to socialist rule with the old suicidal round of nationalisation, state control and the suppression of personal enterprise and initiative."

## Rusk Says Reds Could Solve All World's Problems

Travis Air Force Base, Calif. (UPI) — Secretary of State Dean Rusk said Friday that all the important world problems could be quickly solved if the Communists made a simple decision — to live in peace with the rest of the world.

Rusk, returning from a 12-day worldwide tour, made his last stop at Travis Air Force Base and then took off for Washington.

"I think the free world is in good shape," Rusk said. "Sometimes we talk about a shrinking world but I can testify that it is still a very big place."

Rusk attended meetings in London and Athens and then visited Australia and New Zealand where he had "a very profitable meeting."

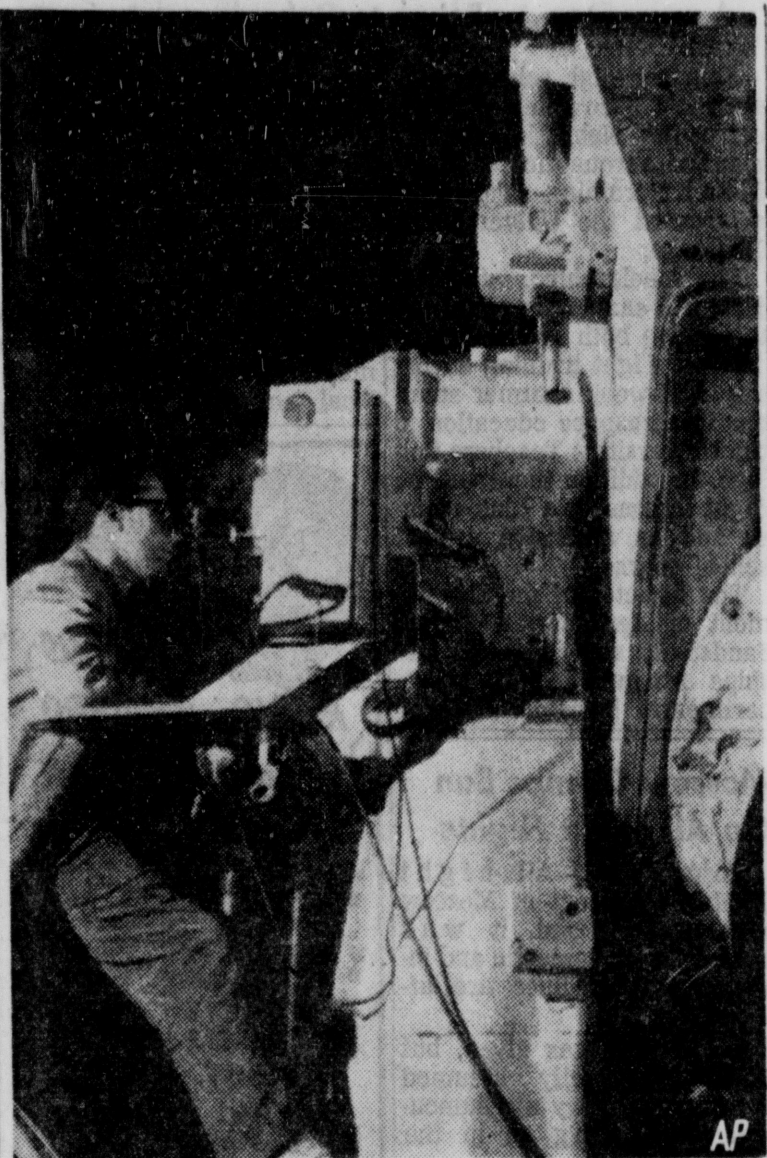

He was accompanied to Washington by his wife and the ambassadors to the United States from Australia and New Zealand.

LIGHT GUN

An M.I.T. student checks instruments on the combination maser and telescope that fired flashes of light to hit the moon.

## Ray To Moon Could Blind

Lexington, Mass. (AP) — Powerful red rays being fired at the Moon nightly by a team of scientists here could blind a person in 1-2000th of a second at 100 yards, scientists said Friday.

The instrument, an optical maser, is the largest of its kind in the free world. Some scientists agreed unofficially it seemed to bring closer to reality the famed "death ray" of science-fiction writers.

Although Russia is known to be engaged in maser research, nothing is known about how big an instrument they may have developed.

The Massachusetts Institute of Technology scientists making the tests hit the Moon 13 times Wednesday night and 20 times Thursday night. They caught a reflection of their hits electronically Wednesday night.

The 4 powerful lamps used in the test put out an amount of light roughly equivalent to 8 million watts. The ordinary household light bulb is usually less than 100 watts.

The mighty flash was beamed on an artificial ruby crystal rod for 1-1000th of a second. This in turn built up the light to a high energy peak then fired it out all at the same wave length in 1-2000th of a second.

Because, unlike ordinary light, the light from the maser is composed of the same wave length, the beam can be "fired" with precise aim at a target.

In the Moon experiment the light is shot through a telescope and illuminates an area of the Moon only a couple of miles across.

# Shelters May Save 120 Million People

Washington (UPI) — The Defense Department Friday announced a new set of estimates which indicated that fallout shelters could save up to 120 million Americans in one type of nuclear attack possible in the late 1960's.

The estimates, announced at a news conference by Assistant Defense Secretary Stuart L. Pittman, were based on two possible types of attack and the assumption that the population will have risen to 200 million before the types of attack are possible.

## 36 Megadeaths

In one type of attack, computers used in preparing the

# Aid To India Cut A Fourth

Washington (AP) —The Senate Foreign Relations Committee, reported alarmed by India's rapid military buildup, voted Friday to slash foreign aid to that country.

In its first major action on President Kennedy's \$4.9-billion foreign aid program for next year, the committee voted 8 to 7 to hold India's share to 75% of the \$727 million provided in the current year.

The Kennedy administration reportedly was planning a substantial increase, to \$815 million, in the coming year's allotment to India.

Sen. George D. Aiken, R-Vt., who supported the 25% cut from this year's level proposed by Sen. Stuart Symington, D-Mo., attributed the action to "apprehension and military buildup."

Aiken said that while the U.S. aid programs do not include military assistance to India, the economic aid it provides enables India to use other resources for the purchase of arms from the Communists.

estimates figured that 36 million would be killed even with shelters. Without shelters, however, only 44 million would survive, it was estimated. This means 120 million more would survive with shelters.

If the explosion occurred at a greater altitude and less fallout was created the saving would not be as great, according to the estimates. This type of attack would kill 110 million persons even though shelters were used, it was estimated.

But shelters still would save 55 million lives that would otherwise be lost, the Pentagon said.

Pittman, Defense Secretary Robert S. McNamara's top aide for civil defense, is expected to use the estimates in House Armed Services Committee hearings on an administration request for nearly \$700 million for civil defense.

## Heavy Attacks

He declined for security reasons to give the number and sizes of nuclear bombs or warheads used in the hypothetical cases. But he said they would be "very heavy attacks, larger than would be possible in the next 5 years."

The administration has proposed creation of 235 million fallout shelter spaces in less than 5 years. These would be stocked with food and water for two weeks.

Pittman said misinformation on the subject comes from experts in certain fields who are not looking at the whole problem.

# CUBA NEEDS FOOD

Washington (UPI) — The Agriculture Department said Friday Cuba's agricultural economy has deteriorated so much under Fidel Castro's regime that food supplies on the island are inadequate.

Food consumption has dropped more than 15% in the last two years, the department's Economic Research Service (ERS) said in a review of the agriculture and food situation in Cuba.

ERS said Cuba's agricultural economy began to deteriorate soon after the Castro regime took over in January 1959. At that time, the agency said, food supplies were adequate for Cuba's 6.5 million persons. Farm production accounted for more than one third of the national income and furnished employment for about two fifths of the labor force. Agricultural exports accounted for more than nine-tenths of the value of all exports.

"Today," ERS said, "prevailing food shortages and rationing are the product of agricultural output at less than the 1957-58 levels, reduced food imports, and gross mismanagement in food marketing and distribution."

# Atomic Sub Launches Polaris

Cape Canaveral, Fla. (AP) — The atomic submarine Sam Houston successfully launched a Polaris missile while submerged Friday and prepared to join 6 other Polaris subs on operational patrol.

Earlier Friday, a Minuteman missile equipped with a new radio data gathering system successfully flew 3,600 miles after being fired from an underground silo.

The Polaris launching — 50 miles offshore at a depth of 90 feet — completed the Sam Houston's practice tests here.

After a series of sea trials, the big Navy craft will go on station with 16 nuclear-armed rockets. The submarine Thomas Edison is preparing here for its first Polaris tests. The Houston's "Blue Crew" successfully launched a Polaris on April 25. The "Gold Crew" unleashed one last Wednesday, but it was destroyed by the range safety officer when it went off course. The Gold Crew also conducted Friday's test. Once the Houston is on station, the 100-man crews will alternate every few months.

# NASA Confirm Mystery Objects Filmed By X15

Edwards Air Force Base, Calif. (UPI) — Scientists confirmed Friday a disclosure by X15 rocket ship pilot Joe Walker that several mysterious unidentified objects were filmed on his recent world record altitude flight to 46,700 miles.

However, spokesmen for the National Aeronautics and Space Administration (NASA) expressed "surprise" at Walker's revelation, indicating the subject might not have been intended for release.

U.S. astronaut John Glenn Jr., with Walker when he made the disclosure during a scientific conference at the Seattle World's Fair, also was reported surprised by the X15 pilot's statement.

Walker said the objects appeared to be moving toward the horizon, more longitudinal in shape and bright against the sky.

One NASA spokesman even said, "It is not entirely impossible that these objects might turn out to be some defect in the film."

In Los Angeles, a group of television newsreel men Friday viewed footage of the "mysterious objects" photographed by the X15, and decided the objects were not sufficiently clear for viewing.

They also felt the "objects" or marks on the film could have been made by dust or dirt. The footage viewed was a duplicate negative from the original color footage.

NASA had the original footage under study to determine if it contained views of unidentified objects, or if these were actually film processing defects.

NASA engineers at this base were closely studying the films taken by a camera on the X15's tail during its historic flight to 246,700 feet April 30 "in order to determine what they are."

The films were turned over to the Air Force, which studies unidentified flying objects.

Walker's flight was the highest a man ever has flown in a winged aircraft.

A NASA spokesman expressed the opinion that the objects were not "fireflies" such as Glenn saw on his orbital flight around the Earth in a space capsule.

Walker, a veteran X15 test pilot for NASA who made his soaring record flight from this base, disclosed filming the objects before a space flight panel, attended by Glenn and other X15 pilots. Soviet cosmonaut Gherman Titov was at the conference earlier.

"I didn't see the objects during the flight," Walker said. "They were taken by the X15's camera."

Walker discussed the objects while photographic slides of the X15 were being shown at the 2nd annual conference on peaceful uses of space. The pictures were taken while the X15 nosed back toward Earth

after reaching the peak of its record climb over the Mojave Desert.

## Kingery Low Bidder For Pioneer Apts.

Kingery Construction Co., with a bid of \$1,017,984, was the apparent low bidder for the Pioneer Housing Apartments at 12th and H.

Jom Johnson of Clark & Emerson architects said other bids were submitted by the George Cook Co. at \$1,036,591 and Olson Construction Co. at \$1,045,918.

Earlier estimates of the housing project placed the cost at \$900,000.

"The bids were somewhat higher than we had anticipated," W. A. Rosene, president of the housing corporation, said, "but we don't feel they are out of line."

Rosene said the contract would not be signed until final approval for FHA financing is received. "We hope to get this approval and sign the contract within the next few days," he said.

The project is a 5-story, 61-apartment building for senior citizens.

A general meeting of the housing corporation is scheduled for 7:30 p.m. Wednesday at the Telephone Building, Rosene said.

RIDE 'EM COWBOY

Bill Johnston competes with a bucking bronco in the University of Nebraska's 16th Annual Spring Rodeo. Johnston is shooting for All-Around Cowboy honors to be awarded Saturday night after the final go around of all events. (Star Photo.)

## April Was Hard On Men Drivers

Male drivers involved in traffic accidents causing injury outnumbered women drivers 3 to 1 in April, according to Lt. Melvin Dorn of the police department.

In 35 accidents, 45 drivers involved were men and 14 women.

Thirty-four of the 35 accidents involved a violation on the part of one or more drivers, Lt. Dorn said. He noted that 5 of the 35 accidents during April were caused by pedestrian violations, and one by a bicycle violation.

Speeding convictions in Municipal Court in April totaled 649. Other convictions gained for hazardous moving violations were: driving on suspended license, 5; driving under the influence of alcohol, 12; failure to yield right of way, 35; and passing a school bus, 1.

## 3-Year Term Given Rea On Check Count

Lancaster District Judge Elmer Scheele sentenced a Sioux City, Iowa, man to 3 years in the State Penitentiary on a fraudulent check charge.

Donald F. Rea, 31, had pleaded guilty to passing a \$800 no-account check July 10, 1960.

## Aero Dept. Flight Scholarships Go To 14 Instructors

Fourteen high school teachers have been selected to receive the Nebraska Department of Aeronautics' summer flight training scholarship awards at the University of Nebraska.

The scholarships, valued at \$150, will enable the recipients to receive both group and individual flight training during the eight-week summer seminar in aerospace education in the University's Teachers College. In addition there will be flight lessons in a Link trainer and an extensive ground school course.

The director of the Department of Aeronautics, James Sandstedt, said the scholarships are awarded on an experimental basis to discover the extent to which actual flight training might be helpful to math, science, and industrial arts teachers, and school counselors. He said there is no plan to urge schools to offer a separate course in aeronautics.

Teachers who successfully complete the summer course may continue flying with their local airport operators with an additional \$200 scholarship the Aeronautics Department is prepared to offer.

Recipients are: Mrs. Marjorie Colton, Grand Island; Jack Steven, Adams; Vernon Dowdy, Seward; J. Bruce Holmquist, Omaha; Westside Community School; Sidney Barnes, Fremont; Rich Hemminger, Douglas; Schubert, Hastings; William Day, University High School, Lincoln; Edward Schwartzkopf, Lincoln; Don L. Rademacher, Springfield; Lonnie Johnson, Lincoln; Wayne Maier, Alliance; and Robert Lewis, Holdrege.

Passengers were unable to come in from Stockholm Thursday night or to leave for Helsinki Friday night. Western embassies have had staff members stranded in both Leningrad and Kiev when their night flights were cancelled.

No reasons were given, but it was generally assumed here that military air maneuvers are going on in the Soviet Union.

Passengers were unable to come in from Stockholm Thursday night or to leave for Helsinki Friday night. Western embassies have had staff members stranded in both Leningrad and Kiev when their night flights were cancelled.

## Go-Ahead On Gering Valley Project Given

Washington (AP)—Army Engineers can go ahead with advanced planning and start construction of their part of Nebraska's Gering Valley project, Rep. Dave Martin, R-Neb., said Friday.

He said this is possible with \$530,000 previously appropriated by Congress for the work and the official authorization which was granted this week when no objections were filed to the proposal before either the House or Senate Public Works Committees.

No additional congressional action is needed on this phase of the joint \$12.5 million project.

### SCS Approval

Martin said he expects approval shortly for the Soil Conservation Service's part of the work. This phase requires approval by both House and Senate Agriculture Committees but not by the whole Congress.

Martin said an executive session of a House Agriculture Subcommittee on this phase of the project had to be canceled when a quorum of members could not be rounded up because of primary elections in a number of states.

Martin said now that the full Agriculture Committee has reported out the farm bill "it is expected that favorable action will be taken shortly by the subcommittee on the Soil Conservation Service's watershed plan for the Gering Valley project."

The project was authorized by Congress originally in 1958 but revised plans were re-

quired because of extensive flood damage in the area.

### Inspection

Martin said Rep. Ralph Harvey, R-Ind., a member of the House Agriculture Committee, inspected the Gering Valley area at his request during the Easter recess of Congress.

Martin said Harvey notified him by letter that he would make a favorable report on the project to the subcommittee.

## Ex-NU Prof M. P. Brunig Funeral Set

Funeral services for Morton P. Brunig, 73, of 5318 Madison, a member of the University of Nebraska agriculture engineering department staff for 3 years, will be held at 11 a.m. Saturday at Roper and Sons' 4300 O Chapel.

Mr. Brunig died Thursday. He was born at Saxton, Mo., and graduated from Hebron High School, Wesleyan University and the University of Nebraska.

Before joining the NU staff, he taught high school at North Bend and University Place and had been principal of Sargent High School. He retired from the University of Nebraska in 1956.

He was honored at a Wesleyan all-sports banquet in 1953 for his "outstanding contribution to society." Mr. Brunig was a veteran of both world wars.

He was a member of First Methodist Church, the National and Nebraska Academy of Sciences, Gamma Sigma Delta, and American Legion Post No. 3.

He was past master of North Star Lodge No. 227, AF&AM, and a life member of Lincoln Professional Engineering Club.

## Contracts Let For Surveys On Shelters

Contracts were awarded Friday to B. H. Backlund and Associates and Lamp-Ryneason and Associates, Omaha architect-engineer firms, for survey work in 14 counties in connection with Phase 2 of the nationwide fallout shelter survey.

Counties to be surveyed under the Backlund contract are Cedar, Dixon, Dakota, Pierce, Wayne, Thurston, Madison, Stanton, Cuming, Burt, Colfax, Dodge and Washington.

The Lamp-Ryneason contract calls for survey work in a portion of Douglas county.

State Shelter Co-ordinator Russ Wallace said in Lincoln the work to be accomplished by the firms includes inspection of potential fallout shelter facilities indicated by an earlier Phase 1 survey.

# Lincoln To Have A Riviera

The next best thing to going to the French Riviera is to have the Riviera come to Lincoln—and that is exactly what it is doing.

We regret to say, however, that the Riviera will be here for just one evening, and that only the members of the 100 Club and their guests will be able to enjoy it.

You see, the 100 Club is planning "A Night On The Riviera" for Saturday evening, May 19, when the members dine and dance in the Georgian Room at Hotel Cornhusker. To give the proper atmosphere, we understand, there are to be French poodles, authentic and barking, plus a French menu, and entertainment by Les Tropicals.

Planning the gay evening is a committee composed of Mr. and Mrs. Arthur Yost, chairman; Mr. and Mrs. Frank Harrington, Mr. and Mrs. Burton Folsom, Mr. and Mrs. Charles Thorne, Dr. and Mrs. Robert Windle, Dr. and Mrs. Wilbur Wiedman and Mr. and Mrs. Richard Gillen.

But just a plain American "Patio" party is on the Fifty Fifty Club calendar for next Tuesday evening. Planning the dinner dance, which will be held at Hotel Lincoln, is a committee which includes Mr. and Mrs. Ivor Moore, chairman; Mr. and Mrs. Howard Nessler, co-chairmen; Mr. and Mrs. Ray Becker, Mr. and Mrs. Ervin Colwell, Mr. and Mrs. H. P. Davis, Mr. and Mrs. Lawrence Liebers, Mr. and Mrs. Harold Nootz, Mr. and Mrs. Oscar Mortensen and Dr. and Mrs. George Rosenlof.

# On Stateside Leave From Moscow

Former member of The Lincoln Star reportorial staff, Reinhold Ensz, better known to his cronies around these parts as "Gus," and Mrs. Ensz were in Lincoln briefly this week end.

Mr. and Mrs. Ensz are spending a portion of their Stateside leave from Moscow, where Mr. Ensz is as-

# BSP Chapter

New officers of Delta Chapter, Beta Sigma Phi, were installed at the recent meeting of the group, held at the home of Mrs. Leo Whitson.

The members discussed plans for their service projects, after which a program was presented which included talks by Mrs. Harold Sorlie, Mrs. Fred Hatcher and Mrs. Robert Lind.

# Emergency Shop Coffee

A coffee and tour of the Lancaster County Emergency Shop was held Friday morning from 10 o'clock to noon, at the shop, 432 So. 11th.

Mrs. Lawrence Liebers was chairman for the coffee, which was followed by a noon luncheon for the members of the board of directors, only. Mrs. Sidney Anderson, president, presided at the meeting of the board.

# Bride On Friday

MRS. LOGAN RANCE TALLENT

At a candlelight ceremony on Friday evening, May 11, at the Central Christian and Missionary Alliance, Miss Kathleen Mittelberg, daughter of Mr. and Mrs. H. E. Mittelberg, became the bride of Robert L. Tallent, son of Robert L. Tallent of Franklin, N.C. The Rev. Ralph Williams read the lines of the 7:30 o'clock service.

Pale pink lace smoothed over red taffeta fashioned the daytime frocks of the attendants who included Mrs. Kenneth Loos, as the matron of honor; Mrs. Orland Mittelberg of Omaha, the bridesmatron; and the junior bridesmaid, Miss Lisa Sue Mittelberg, Omaha.

Rufus Hamilton served as best man, and the ushers were Larry Koski, Charles Slagle, Richard Alm and Kenneth Loos.

The bride's gown of white silk organza over taffeta was touched with jeweled Alencon lace, framing the portrait neckline of the long-sleeved basque, and repeated in floral appliques on the bouffant skirt, which extended into a train beneath a butterfly bustle bow. A circlet of pearlized blossoms held her illusion veil, and she carried a cascade of white roses and stephanotis.

Mr. and Mrs. Tallent will live in Lincoln where the bridegroom is stationed at the Lincoln Air Force Base.

# Parties Honor Brides-Elect

Pre-nuptial courtesies are beginning in earnest for June brides-elect, among whom is Miss Jeannine Fenton, Gamma Phi Beta at the University of Nebraska, who has announced that her marriage to Richard L. Jacobs will take place on Saturday, June 30, at Blessed Sacrament Church.

Honoring the bride-to-be last Sunday were Mrs. Pete Jacobs, Mrs. Conrad Schlegel and Miss Christine Jacobs, who entertained a group of guests at a miscellaneous shower held at the home of Mrs. Pete Jacobs.

On Monday, April 30, Mrs. Robert Thurston and Mrs. John Rohn, Jr., entertained for Miss Fenton. Twenty-five guests were invited to the informal party and personal shower. Other recent courtesies honoring the bride-to-be included the kitchen shower for which Mrs. Helen Reist and Mrs. Avis White were co-hostesses at the home of Mrs. Reist. The guest list included friends of Miss Fenton's mother, Mrs. Daniel Fenton.

# Club Tour

Eleven members of the Sharon Extension Club met Tuesday for a tour of Gooches Mill and the Antelope Flower House. Chairmen for the annual tour were Mrs. Orville Wisnink and Mrs. Elmer Barnhill.

# Reunion Of '37 Pledge Class

The reunion of the Kappa Gamma pledge class of 1937 was off to a chattering start on Friday evening when the members of the group were together at the Lincoln Country Club preceding the Kappa banquet which also was held at the LCC.

We mentioned the other "reunion" festivities the other day when we told about the after-banquet coffee at the home of Mrs. Tom Pansing — the luncheon today at the University Club — the dinner this evening at the home of Mrs. Donald Purvis — and the brunch Sunday morning at the home of Mrs. John Hoppe.

Out of town members of the group who arrived on Friday, include Mrs. Clark O'Hanlon (Eleanor Lutz) of Blair; Mrs. George Martin (Marian Bowers) of Grand Island; Mrs. Francis Loetterle (Jean Woods) of Pacific Palisades, Calif.; Mrs. Eugene Hurtz (Casey Campbell) of Malibu Beach, Calif.; Miss Jean Swainson of Denver; Mrs. Tom Luhe (Polly Boyd) of Denver; Mrs. Russell Calkins (Marje Moeller) of Wichita, Kan.; Mrs. C. J. Otto (Helen McPherson), and Mrs. Louis Ball (Lou Benson), both of Los Angeles, Calif.; Mrs. William Sutton (Suzette Bradford) Omaha; Mrs. Joe Nichols (Ann Hoffman), Mrs. Clark Kuppinger (Cecile Mitchell), both of Kansas City, Mo.; Mrs. Roy Bystrom (Irene Neville) North Platte; Mrs. Roger Williamson (Janet Warfield) of Rochester, N.Y.

# No Idle Moments In Service Circles

BY TISSIE LINSCHIED

Tonight Maj. and Mrs. Leroy H. Kutscher will entertain at their Wilkins Terrace residence with an evening of party games and a midnight buffet. Invited guests for the evening of fun are Lt. Col. and Mrs. Robert Hanson, Lt. Col. and Mrs. John Crook, Maj. and Mrs. Russell Heller, Maj. and Mrs. John Phillips and Maj. and Mrs. Max Springer.

Capt. and Mrs. Alfred Merrell will also entertain this evening. This party will be a farewell party in honor of Capt. and Mrs. Lawrence Boggess who will depart Lincoln the latter part of May for Texas and B-58 training. Thirty guests will be on hand to bid them farewell.

Mrs. Gerald Ridley was the guest of honor last Tuesday afternoon when Mrs. Gerald B. Kelly, Mrs. Gerald Linschied, Mrs. Richard Hartford, Mrs. Robert B. Kelly, Mrs. Don L. Dessel and Mrs. Billie J. Myhand were hostesses at a party in the Green Room at the Officers Club. Thirty guests were invited to welcome Mrs. Ridley, who before her marriage in Oakland, Calif., on May 4, was Miss Beverly Charlotte Winn, to Lincoln and to LAFB where Lt. Ridley is stationed.

Seated, left to right, Mrs. Roger Flank, Mrs. Robert

were Mrs. John Mattioli, Mrs. Robert Spiller, Mrs. Daniel Fierro, Mrs. Al Brow, Mrs. James Liggett, Mrs. Archie Anz and Mrs. Walter F. Nickerson.

Lt. Col. and Mrs. Myron G. Piggott and son spent last weekend visiting Col. Piggott's parents, Mr. and Mrs. George Piggott in Osawatomie, Kan. and Mrs. Piggott's brother, John Broman in Kansas City.

Last Tuesday, Miss Maryjean Heller, daughter of Maj. and Mrs. Russell Heller, celebrated her fourth birthday with luncheon and games at her Wilkins Terrace residence. Guests for the afternoon were Miss Missy Kutscher, Miss Pam Hanson, and Misses Linda and Judy Allen.

Yesterday, the 98th Headquarters Squadron officers wives held a luncheon in the Green Room of the Officers Club. Guests were Mrs. Lillian D. Bertram and Mrs. William Bartlett.

A farewell party recently was held at the Officers Club in honor of Col. and Mrs. Joe V. Disana who will leave next Tuesday for their new assignment at Forbes AFB, Kan. Sixty guests, all former members of the 343rd Bomb Squadron when Col. Disana was their Commander, joined in wishing them "bon voyage" at the

canape and buffet dinner party. Mrs. Disana was presented a lovely orchid corsage and a sunburst gold antique clock.

The 98th Air Refueling Squadron had an afternoon coffee at the Castle Terrace residence of Mrs. James T. Gribble, Tuesday afternoon. Guests for the affair were Mrs. Raymond Gottner and Miss Martha Dynes. Hostesses were Mrs. Walter P. Morton Jr., Mrs. Orville Scott, Mrs. Earl W. Farnsworth, Mrs. Robert Walsh, Mrs. Richard Morgan, Mrs. William E. Carlson and Mrs. James D. Ross.

The LAFB Ak-Sar-Ben Toastmistress is having its annual Bridge Party Tuesday night at the Officers Club at 8 o'clock. The ladies have the bridge evening each year to raise funds for their Ways and Means Committee. Cash prizes will be awarded. Dessert and coffee will be served to all the players. All officers and their wives are cordially invited.

Lincoln members of the pledge class are Mrs. Leslie Boslaugh (Betty Meyer), Mrs. Wendell Nickerson (Marian Stenten), Mrs. Tom Pansing (Lulubel Emerson), Mrs. George Heggen (Betty Ray), Mrs. John Hoppe (Claire Rubendall), and Mrs. Donald Purvis (Alice Blaufuss).

In the picture are (first row, left to right) Mrs. Swainson, Mrs. Lume, Miss Swainson, Mrs. Boslaugh and Mrs. Hurtz; (middle row, left to right) Mrs. Martin, Mrs. Hoppe, Mrs. Bystrom, Mrs. Williamson, Mrs. Heggen and Mrs. Otto; (Back row, left to right) Mrs. Nichol, Mrs. Sutton, Mrs. O'Hanlon, Mrs. Pansing, Mrs. Nickerson, Mrs. Ball, Mrs. Purvis, Mrs. Kuppinger and Mrs. Loetterle.

G. McAuliffe, Mrs. William E. Miller, Mrs. Gerald Linschied, Mrs. Warren Francioni, Mrs. Harold C. Morrison, Mrs. Robert D. Crooks, Mrs. Sherman D. Martin, Mrs. Russell Heller and Mrs. Richard McKenzie.

Mrs. John M. Crook was the guest of honor at a pink and blue shower on Thursday evening in the Green Room of the Officers Club.

Thirty guests enjoyed the evening for which the hostesses were Mrs. Glen J. Lally, Mrs. Myron G. Piggott, Mrs. Donald R. Shilling, Mrs. John J. Phillips and Mrs. Willie R. Moser.

Miss Coszette Francioni, daughter of Lt. Col. and Mrs. Warren Francioni, will depart Wednesday for the National Student Nurses Association Convention in Detroit, Mich. Miss Francioni, who is attending the University of Nebraska School of Nursing in Omaha, was elected to be one of the representatives of the sophomore class.

A special Mother's Day buffet will be featured Sunday at the Officers Club. Mothers will be the guests of the O Club while Dad and the children will be the only ones to pay!

Mrs. Willie R. Moser entertained bridge on Thursday at her Wilkins Terrace residence. Guests included Mrs. Glen J. Lally, Mrs. Myron G. Piggott, Mrs. John M. Crook, Mrs. Donald R. Shilling, Mrs. John J. Phillips, Mrs. Arthur J. Stokes and Mrs. Forrest Marvel.

Mrs. Leon Angelich was

# Interesting Activity In Suburbia Bridge

Activity in suburbia continues at a great pace with never a quiet moment, it seems. Of special interest this morning is a farewell courtesy, a christening, and news of two birthday parties on one day at one home.

## SKYLINE TERRACE

The birthday home we mentioned is that of Mr. and Mrs. Francis L. Dorenbach whose sons celebrated their birthdays last Sunday.

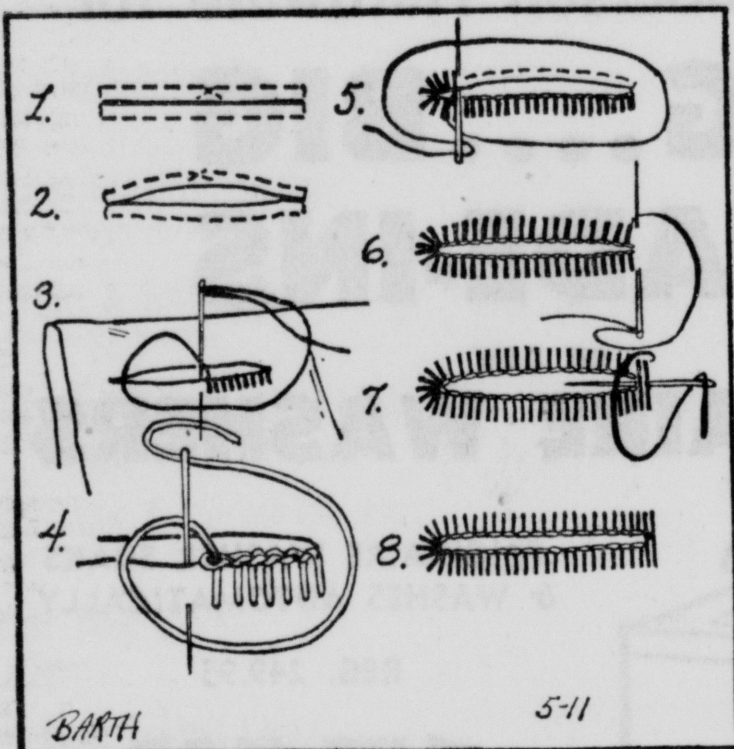

Son Joseph, who was eight years old, attended a movie accompanied by Scott Otley, Paul Post and Bruce Krueberg. Following the movie, the foursome returned to the Dorenbach home for a picnic supper and, of course, birthday cake.

Son Steven, who was five years old on Sunday, celebrated the occasion at a 2 o'clock to 4 o'clock party Saturday at his home. His guests included his brother, Kevin, Mary Margaret and Debbie Janak, Patty and Johnny Klaus, Allen and Monte Rudman, Kathy Gotchall, Johnny Deeds, Maria Carlton, Michael Darby and Mark Cole.

## It Seems To Me

# Check Before You Stitch

Patricia Scott

If you're starting to make delicate summer dresses, hold everything! Is your fabric voile, combed cotton or other soft, almost sheer fabrics? Are they button fronts? What are you going to do about buttonholes? If you planned to make them by machine, it's all right, I guess, but if you want really attractive and fine looking buttonholes, make them by hand.

Buttonholes take practice and patience, but you'll be proud of your handiwork. Try a few on a scrap and you'll see what I mean!

First mark position and length of buttonhole. This is your cutting line, but do not cut it yet.

Figure 1: Set your machine stitch gauge at 20 stitches per inch, and stitch around the buttonhole, close to cutting line mark, and squaring off each end with only 2 stitches. The stitching line must be close to the cutting line so that they can be covered as you work the buttonhole. Cut the buttonhole with sharp embroidery scissors. If you only have large shears (for shame!), fold the buttonhole so its ends meet and snip it in the middle. This is indicated in diagram by arrow-shaped lines.

Figure 2: Spread the buttonhole open and cut right to each end.

Figure 3 and 4: As you can see, this is a crosswise buttonhole with the edge of the closing at the left. Hold the garment right side up with the buttonhole over

## MEADOW LANE

Travelers from the suburb last week end were Dr. and Mrs. W. M. Zieg and their son, David, who went to Des Moines to visit Dr. Zieg's parents, Mr. and Mrs. H. A. Zieg. The family returned home on Sunday.

Honored at a farewell courtesy Friday evening were Capt. and Mrs. Robert Byrom, who will leave in the near future for their new home at Bunker Hill Air Force Base, Indiana.

Mr. and Mrs. Charles Klasek and Lt. and Mrs. Robert Hippler were hosts and hostesses at dinner at the home of the Hipplers, after which the group was joined for an informal evening by Mr. and Mrs. Richard Baker, Mr. and Mrs. Kenneth Smithy, Mr. and Mrs. Richard Thimang, Mr. and Mrs. Max Bohmont and Mrs. Richard Wendland.

The young lady who came home to Colony Lane on Wednesday was Miss Lori Ann Curry, daughter of Mr. and Mrs. Harold J. Curry, who was born at Bryan Memorial Hospital on Fri-

day, May 4. Lori's brother, Max, is nine years old, and she also has two sisters, Carina Lee, 11 and Jamie Lynn, 3.

The baby's maternal grandmother is Mrs. Alvin Anderson of Stromsburg, and we understand that she is planning a visit in the near future with her new granddaughter.

The paternal grandparents are Mr. and Mrs. O. M. Curry of Eugene, Ore.

## EASTBOROUGH

We learned of an addition to the family of Mr. and Mrs. Raymond A. Degenhardt. They are the parents of a new daughter, Carol Ann, who was born on Sunday, May 6, at St. Elizabeth Hospital. The Degenhardts' other children are Joan, 4, Alice 3, Danny, 5, and David, 1.

The new baby also has quite a group of grandparents including Mrs. Teresa Degenhardt of Crete, and Mr. and Mrs. Carl Richard of Miltonvale, Kan.; great-grandparents, Mr. and Mrs. Ray Austin, also of Miltonvale, and Mrs. Augusta Richard of Concordia, Kan.

Mrs. Carl Richard, incidentally, arrived in Lincoln last Saturday for a two-week visit with her son-in-law and daughter.

Mr. and Mrs. Don Matthes will be host and hostess to family members on Sunday when their small daughter, Joann, will be christened at Faith Lutheran Church.

Attending the service will be Joann's grandparents, Mr. and Mrs. Walter Hellwege of Seward, and Mr. and Mrs. Art Matthes, and also Mr. and Mrs. Orval J. Wiese, who will be Joann's godparents.

Following the service, Mr. and Mrs. Matthes will enter-

tain at dinner.

Leaving Eastborough last month for a new address in Cotner Terrace, 3212 No. 68th, were Mr. and Mrs. Ronald L. Hale and their children, Jeffrey, 4, and Suzanne, 1.

While chatting with Mrs. Hale we learned that they are planning a weekend trip to Sioux City to visit Mr. Hale's parents, Mr. and Mrs. L. E. Hale.

And recent guests at the Hale home were Mrs. Hale's parents, Mr. and Mrs. R. C. Miller of Pierre, S.D., who stopped in Lincoln briefly en route to Seattle and a visit to the World's Fair.

## Dear Abby

# Those Lucky Wives

Abigail Van Buren

DEAR ABBY: Why is it that even the best educated people don't know enough to send the priest (or officiating clergyman) an invitation to the wedding breakfast, reception, dinner or any social function related to the wedding? I have seen this happen so many times it isn't even funny. The very last minute they send word that the clergyman is "expected" to attend these affairs and are insulted if he isn't available. Parishioners do the same thing at Christmas, New Year's and East-

## WONDERING WISCONSINITE

DEAR WONDERING: I don't know why this "oversight" is so commonplace, but perhaps after this item appears there will be fewer "sins of omission."

DEAR ABBY: I read your column every day and notice that some women complain because their husbands

1. Stay out all night
2. Beat them
3. Gamble away the paycheck
4. Drink to excess
5. Use abusive language
6. Never take them anywhere
7. Never show them any affection

How lucky these women are whose husbands have only one, two or three of these faults. My husband has all of them.

Sincerely,

BURT'S WIFE

DEAR WIFE: Now, I'd like to hear from Burt.

DEAR ABBY: Print this for the mother-in-law who

criticized her daughter-in-law for saying, "My children, my home, etc." Many mothers are blind where their sons are concerned. A husband who spends no time with his children and does nothing to help around the house should not blame his wife for referring to her children and home as "mine" instead of "ours."

"PULLING THE LOAD ALONE"

\*\*\*

DEAR ABBY: On Friday, December 29th, one of my twin daughters was sledding. She went down a hill and hit a chain the city had put up to protect the grass. She died in ten minutes. Now one of my neighbors keeps telling me that if I had not bought that sled my daughter would still be living. It was bad enough that my daughter died in my arms, but to keep hearing this neighbor saying this is driving me out of my mind. Print whatever you wish of this letter, but please give me some comfort and advice.

MRS. L. S.  
DEAR MRS. L. S.: The first thing you must do is to quit seeing this neighbor, if you have to close your door in her face. God gives us our children and He takes them away. Believe this, Mrs. L. S., and you will have the peace of mind you seek.

EAST			
♠	A 6		
♥	Q 10 7 5		
♦	10		
♣	J 9 8 6 3 2		
SOUTH			
♠	K J 9 8 5 2		
♥	9 3		
♦	A 4		
♣	K J 4		

The bidding:

North	East	South	West
1♥	Pass	1♠	Pass
2♦	Pass	3♦	Pass
5♠	Pass	6♠	

Opening lead — seven of spades.

Suppose you were declarer at six spades and West led a trump and East took the ace and returned a trump. How would you play the hand?

There doesn't seem to be much to the play, but yet the hand is worthy of serious thought. To begin with, if you can make the slam but wind up going down one, you score minus 100 instead of plus 1,630 points. That makes a difference of 1,730 points, and that ain't hay in any language.

Suppose, after you win the trump return, you cashed the A-K of diamonds, which is one of the ways to play the hand. In the actual deal,

East would show out on the second diamond lead and you would then find the slam difficult to make. You would have a legitimate squawk coming because it is unlucky to find the adverse diamonds divided 5-1, but we doubt that this would enlist a great deal of sympathy from the opponents.

Analysis would reveal that if you had commenced by first cashing the A-K of hearts and ruffing a heart, the hand would be made. You could then trump a club heart, and claim the balance. The K-J of clubs would be discarded on the fifth heart in dummy and a high diamond.

That is really the right

way to play the hand. By attacking hearts first, you assure the contract if the suit is divided 3-3 or 4-2, regardless of how the diamonds are divided. If it turns out that the hearts are (unluckily) divided 5-1, you can still switch over to diamonds and make the contract if that suit is divided 3-3 or 4-2.

But if you commence by playing diamonds first and get a bad break, you will pretty surely be sunk unless the hearts are specifically divided 3-3.

By playing hearts first, you are sure to make the slam if either suit is divided 3-3 or 4-2. Attacking hearts first is therefore the indicated play.

## CITY WANTS TO KNOW:

# Why Wasn't Water Bond Amendment Revised?

By VIRGIL FALLOON  
Star Staff Writer

City Atty. Ralph Nelson said Friday further inquiry is being made to Chapman & Cutler, Chicago bond attorneys, regarding its opinion that Lincoln can't issue additional water revenue bonds under a 1959 charter amendment.

Nelson noted that Chapman

& Cutler reviewed that amendment on borrowing in 1959 at the request of the City Charter Revision Committee.

A Chapman & Cutler letter dated Dec. 23, 1956, said the borrowing amendment had been reviewed by "one of our municipal bond men" and "he seemed to think it was all

right in general, and had no substantial suggestions."

The letter made "several small suggestions" and Nelson said these were incorporated into the borrowing amendment before it was submitted to the voters in 1959 and approved.

Nelson said Chapman & Cutler is being asked for a report or comment on the matter.

The recent Chapman & Cutler opinion said the 1959 charter amendment did not repeal the effect of the 1953 charter limit on water bonds and thus authorize the city to issue additional bonds.

The City Council has been

critical of the opinion and also the delay in receiving it from the Chicago firm. At a March conference, Chapman & Cutler representatives indicated to city representatives the opinion would be favorable and would be delivered "within two weeks."

The recent opinion suggests voter repeal of the 1953 amendment or a court test, but city officials noted that neither alternative is now possible before late fall.

Public Works Director D. L. Erickson said it would have been possible to get some water improvements under construction by later summer if the additional bonds could have been issued.

A top priority item is the proposed \$180,000 water main extension to the West O area being annexed June 1.

## Union College Youth Released From Hospital

A 19-year-old Union College student, knocked unconscious when he bumped heads with another youth in a softball game May 3, left the hospital Friday to return home with his parents.

Hospital officials said Jerry Howard, unconscious for more than two days after the accident, was much improved when he left the hospital.

## Slight Improvement Shown In Labor Market Picture

Employment conditions in Lincoln reflect the pattern of the entire state as labor market conditions continue to improve, the Nebraska State Labor Department said Friday.

categories except utilities where a decline of 14% in jobs filled was noted. Increases ranged from 28% in construction to 5% in trade.

Labor market conditions during March in Lincoln revealed a mild rise in total employment due to small gains in manufacturing and agricultural work, the report said.

Farm placements in April of this year exceeded the same period of a year ago by 16%. The number of persons seeking jobs through the division offices also decreased.

On May 1 of this year, 10,282 persons were registered as seeking jobs, compared to 13,075 on April 1 and 11,975 on May 1, 1961.

Unemployment insurance from state funds totaled \$977,459 in April, \$1,668,075 in March, and \$1,006,336 in April, 1961.

The division in April paid, at federal expense, \$21,032 to unemployed former federal workers, \$22,845 to unemployed former servicemen and \$120,259 to unemployed persons under the federally-financed temporary extended compensation program.

At federal expense, \$21,032 to unemployed former federal workers, \$22,845 to unemployed former servicemen and \$120,259 to unemployed persons under the federally-financed temporary extended compensation program.

Throughout the state division of employment offices made a total of 5,578 non-farm placements in April, compared to 5,042 in April of a year ago.

Substantial placement gains over the April, 1961, totals were evident in all industrial

Our  
Mother—

Every hour of every day...and night...consciously or subconsciously...  
we draw upon Mother's strength and love. It is a meager tribute that we should  
pause once a year and dedicate one day to Mother.

Mother is what makes the wheels go round. Home isn't home without  
Mother. The countless details, the careful planning, the constant loving care...  
that takes Mother every time. Children won't tick without Mother. Form the  
start, Mother is our warm meal when we are hungry, our extra blanket on a cold  
night, our light in a dark room. Little minds and hearts reach out for MOTHER.  
Baby-sitters aren't the same. Servants are insufficient. Even Daddy isn't quite  
enough. A well child runs on eager feet to tell MOTHER of his joys; a sick child  
calls constantly for MOTHER to soothe away his pains. There's something  
special, something extra, that comes only from Mother.

Who else can kiss a hurt and make it well? Who else can give us lovely  
memories of a happy childhood, rich with fun and friends? And who, but Mother,  
can lead us from our earliest days to find Him as our Refuge and Strength, a  
very present Help in time of trouble?

Life brings floods of uncertainties, disappointments, failures. Mother is the  
rock that stands fast. Her faith is sure, her spirit never wavering, her love never  
failing. Life, too, brings joy, achievement, success. Then we know one heart is  
happier even than our own. Mother is then the soaring cloud of radiant rapture,  
lifting us to new attempts.

**YOU IN THE CHURCH  
THE CHURCH IN YOU**

Character is a by-product of the church. It is here that  
young and old alike are showered with benedictions that  
fortify and influence for a better citizenship and a stronger  
democracy. In the church the ministerial and a stronger  
gious character. Statesmen today declare that the church  
alone can furnish leadership to handle the affairs of state  
in these perilous times. Then we with our children should  
go to the church of our choice on Sunday. "You in the  
Church and the Church in you"—form a combination for  
good. Be a regular CHURCH-GOER and a daily BIBLE  
READER.

As long as Mother lives, we shall not lack for care or love or prayers. When  
separation comes, as come it must, "death is swallowed up in victory." Life will  
not change Mother's love; death will not conquer it. Mother's spirit will walk  
ever beside us; her love will wrap us close. Her gentle hand will guide us; her  
sweet voice will echo in our ears. Again we'll feel that extra blanket slipped  
quietly over us, in the coldness of our night! Mother is and will be forever more  
our guardian angel. In this world or in the next, we know that we may draw  
eternally upon the strength and the love that is... MOTHER. Go to your church  
this Mother's Day.

Here is a practical little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add three. The result is your key number. Start at the upper left-hand corner of the rectangle and check every one of your key numbers left to right. Then read the message letters under the checked figures.

# HUSKERS WIN 2; BUFFS BLANKED

... BONISTALL GETS 1-HITTER

Nebraska dealt Colorado an impressive double whitewash Friday, winning a pair of 2-0 decisions.

Ernie Bonistall, senior from Williamsville, N.Y., pitched a superb one-hitter in the opener and left-hander Ron Havekost of Hooper followed with a 5-hit shutout.

The double victory ruined any remaining hopes for the hard-hitting Buffaloes in the Big 8 Conference race and put Coach Tony Sharpe's Huskers in a position to tie Colorado for 4th place in the league race with another victory Saturday morning during All-Sports Day.

The 10:30 a.m. game will see right-hander Keith Sieck take the mound for NU in the series finale and the Huskers last home game of the year.

Nebraska is now 7-9 in the Big 8 and Colorado is 8-8.

Bonistall, his pitches working to perfection, mowed down the Buffs without a walk and with 11 strikeouts.

After Jim Brunkhardt got a clean single to left field with two out in the first inning, Bonistall didn't allow another batter to reach base.

He retired 19 straight men, pitching to just one man over a perfect game.

The Huskers got 7 hits off CU's Jim Westervelt but both the runs in the first game were unearned.

They came in the 4th inning. Catcher Don Purcell got life as first baseman Frank Montero, Colorado's second string quarterback last fall, dropped a high pop fly near the mound.

Pat Salerno then beat out a bunt down the 3rd base line

for a hit. Dale Anderson failed to bunt the runners over but with Bonistall at the plate Purcell stole 3rd base.

Moments later Purcell and Salerno, a couple of football ends, executed a double steal with Purcell scoring. Salerno got home all the way from second later on when the Buffs were slow in getting after a passed ball to the backstop.

In the second game Havekost had his troubles but he worked out of them nicely with good support from his mates.

The Huskers nearly wasted most of their 7 hits off Ray Melvin.

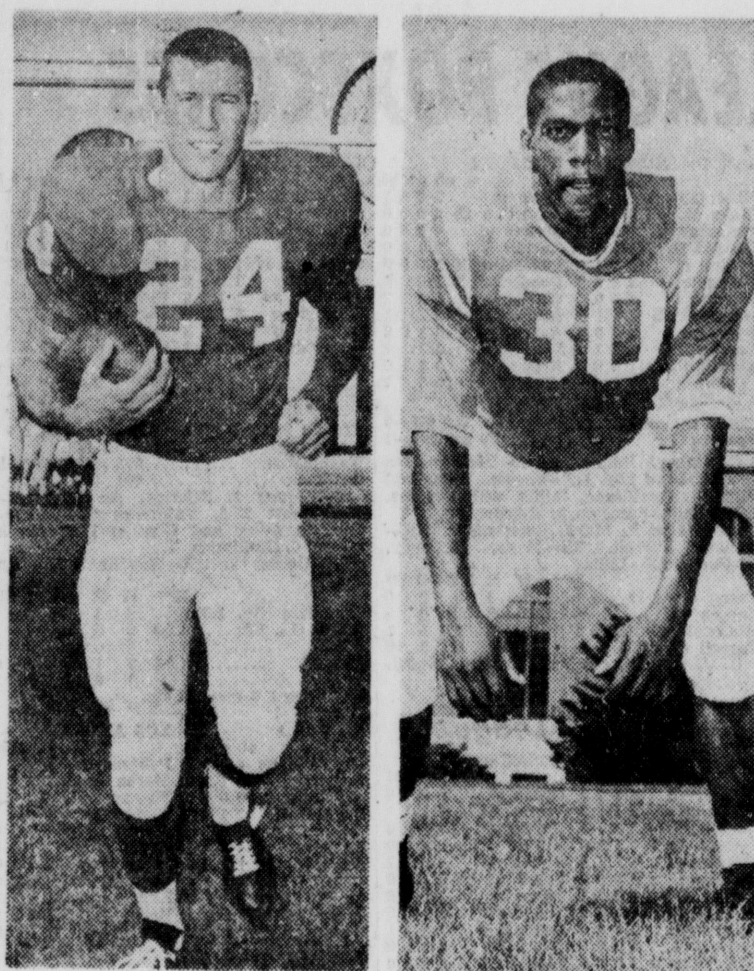

NU scored in the first with Don Schindel, the leadoff man, making it around on a single, a hit batsman, an infield out and the only Buff error of the game.

The clincher came in the 5th when the Huskers collected 4 hits but just one run. Bill Redmond scored on his single, a base knock by Havekost, an infield out and Steve Smith's slow infield roller.

Smith's run batted in on the play was the only RBI of the two games and scored the only earned run of the afternoon.

Smith, the league's leading hitter, collected 3 hits in 5 trips for the two games to move well ahead of CU's All-Big 8 quarterback Gale Weidner who went hitless in 5 times up.

Purcell's double in the second game was the only extra base hit of the day.

CLARIDGE, THORNTON ... Red leaders

## All-Sports Day Slate

9:30 a.m.—TENNIS, Iowa State vs. Nebraska at University courts.

10:30 a.m.—BASEBALL, Colorado vs. Nebraska, University diamond.

12:00 noon—TRACK, Kansas State vs. Nebraska, Stadium track.

2:00 p.m.—FOOTBALL, Intrasquad game, Stadium.

# Beatrice Runs 8:13.2 Two-Mile Relay But Hastings Grabs Title

... AUBURN WINS CLASS B CHASE AT WESLEYAN

Hastings surprised Fairbury and Beatrice's two-mile relay team surprised the entire crowd Friday night during the Class A District track meet at the Nebraska Wesleyan track.

The Tigers captured the team title with 79½ points and 17 state meet qualifiers while Fairbury had to settle for 50 points and 13 berths in the state meet.

But Coach Willis Jones' distance runners stole the show as they shattered both the Class A District and state meet records in the two-mile relay.

Jim Hagemeier, Galen Philal, Jim Rikli and Lynn Rath-

jen raced to an 8:13.2 clocking without a sign of push from second place Southeast. The old district mark was 8:21.3 set by Lincoln High in 1959.

Class A

HOW THEY SCORED  
Hastings 79½  
Fairbury 50  
Beatrice 30  
Southeast 7

HOW THEY QUALIFIED  
Hastings 17  
Fairbury 13  
Beatrice 8  
Southeast 7

Discus — 1. Wayne Weber, Hastings, 154-9; 2. Bruce Michaelson, Northeast, 133-10; 3. Bill Zerson, Southeast, 130; 4. Bob Priebe, Hastings, 129-10; 5. Jack Giddings, Hastings, 129-10; 6. Mike Stum, Fairbury, 129-10; 7. Dennis Gordon, Lincoln High, 129-10; 8. Mark Grummett, Fairbury, 129-10; 9. Rick Hagemeier, Beatrice, 129-10; 10. Lynn Rathjen, Beatrice, 129-10; 11. Bob Smith, Fairbury, 129-10; 12. Gene Hammond, Southeast, 129-10; 13. Don Smith, Hastings, 129-10; 14. John Hopper, Hastings, 129-10; 15. Doug McArthur, Hastings, 129-10; 16. Larry Everman, Auburn, 129-10; 17. Tom Byrnes, Bill Shonka, and Norm Wemhoff. The latter trio swept the top 3 places in the open 440, with Byrnes and Shonka dead-heating for the blue ribbon.

Brichacek added the discus crown and was joined in the double winners circle by hurdler Robin Groene of Oakland and sprinter Bernard Wilson of Albion.

The high-jump was hotly contested. Duane Jurgensen, of Hooper was the winner at 5-11½. North Bend's Allen Jelinek and Gary Navrkal of David City tied at 5-10.

The race for second place in team honors also was a close one. David City won out with 329/10 points, compared to 327/10 for 3rd place Hooper. All 11 participating schools scored and qualified at least

one man for next week's State meet at Nebraska U. St. Boneventure landed 12 State berths, twice as many as anyone else.

The Columbus team had only one qualifier in the field events.

Results

Brace Jump — 1. Duane Liston, Hooper, 20-4; 2. Tom Wolf, North Bend, 19-8; 3. Gary Brichacek, Schuyler, 19-4; 4. Don Ray, Tekamah, 19-3; 5. Larry Hansen, Blair, 19-3; 6. Mike Costello, St. Bon's, 19-3; 7. Mike Costello, St. Bon's, 19-3; 8. Mike Costello, St. Bon's, 19-3; 9. Mike Costello, St. Bon's, 19-3; 10. Mike Costello, St. Bon's, 19-3; 11. Mike Costello, St. Bon's, 19-3; 12. Mike Costello, St. Bon's, 19-3; 13. Mike Costello, St. Bon's, 19-3; 14. Mike Costello, St. Bon's, 19-3; 15. Mike Costello, St. Bon's, 19-3; 16. Mike Costello, St. Bon's, 19-3; 17. Mike Costello, St. Bon's, 19-3; 18. Mike Costello, St. Bon's, 19-3; 19. Mike Costello, St. Bon's, 19-3; 20. Mike Costello, St. Bon's, 19-3; 21. Mike Costello, St. Bon's, 19-3; 22. Mike Costello, St. Bon's, 19-3; 23. Mike Costello, St. Bon's, 19-3; 24. Mike Costello, St. Bon's, 19-3; 25. Mike Costello, St. Bon's, 19-3; 26. Mike Costello, St. Bon's, 19-3; 27. Mike Costello, St. Bon's, 19-3; 28. Mike Costello, St. Bon's, 19-3; 29. Mike Costello, St. Bon's, 19-3; 30. Mike Costello, St. Bon's, 19-3; 31. Mike Costello, St. Bon's, 19-3; 32. Mike Costello, St. Bon's, 19-3; 33. Mike Costello, St. Bon's, 19-3; 34. Mike Costello, St. Bon's, 19-3; 35. Mike Costello, St. Bon's, 19-3; 36. Mike Costello, St. Bon's, 19-3; 37. Mike Costello, St. Bon's, 19-3; 38. Mike Costello, St. Bon's, 19-3; 39. Mike Costello, St. Bon's, 19-3; 40. Mike Costello, St. Bon's, 19-3; 41. Mike Costello, St. Bon's, 19-3; 42. Mike Costello, St. Bon's, 19-3; 43. Mike Costello, St. Bon's, 19-3; 44. Mike Costello, St. Bon's, 19-3; 45. Mike Costello, St. Bon's, 19-3; 46. Mike Costello, St. Bon's, 19-3; 47. Mike Costello, St. Bon's, 19-3; 48. Mike Costello, St. Bon's, 19-3; 49. Mike Costello, St. Bon's, 19-3; 50. Mike Costello, St. Bon's, 19-3; 51. Mike Costello, St. Bon's, 19-3; 52. Mike Costello, St. Bon's, 19-3; 53. Mike Costello, St. Bon's, 19-3; 54. Mike Costello, St. Bon's, 19-3; 55. Mike Costello, St. Bon's, 19-3; 56. Mike Costello, St. Bon's, 19-3; 57. Mike Costello, St. Bon's, 19-3; 58. Mike Costello, St. Bon's, 19-3; 59. Mike Costello, St. Bon's, 19-3; 60. Mike Costello, St. Bon's, 19-3; 61. Mike Costello, St. Bon's, 19-3; 62. Mike Costello, St. Bon's, 19-3; 63. Mike Costello, St. Bon's, 19-3; 64. Mike Costello, St. Bon's, 19-3; 65. Mike Costello, St. Bon's, 19-3; 66. Mike Costello, St. Bon's, 19-3; 67. Mike Costello, St. Bon's, 19-3; 68. Mike Costello, St. Bon's, 19-3; 69. Mike Costello, St. Bon's, 19-3; 70. Mike Costello, St. Bon's, 19-3; 71. Mike Costello, St. Bon's, 19-3; 72. Mike Costello, St. Bon's, 19-3; 73. Mike Costello, St. Bon's, 19-3; 74. Mike Costello, St. Bon's, 19-3; 75. Mike Costello, St. Bon's, 19-3; 76. Mike Costello, St. Bon's, 19-3; 77. Mike Costello, St. Bon's, 19-3; 78. Mike Costello, St. Bon's, 19-3; 79. Mike Costello, St. Bon's, 19-3; 80. Mike Costello, St. Bon's, 19-3; 81. Fremont — Bennington and Decatur took class C and D district track titles here Friday, both winning on point totals and in number of qualifiers for next week's State Meet in Lincoln.

Class C Bennington qualified 6, while Class D Decatur will have 7 representatives, plus its mile relay team laboring for state honors.

Both champs had close battles for laurels in the hotly-contested action in 90-degree heat.

Bennington nipped Elkhorn, 42-39, in team scoring and by

a scant two qualifiers in individual events. Elkhorn qualified its mile relay team while Bennington failed to finish a relay team in the money.

Decatur's team title was even harder to come by. The Class D victors, shaded Snyder, 47-45, on the final event of the meet—the mile relay. Snyder finished out of the running in this event.

Decatur's victorious effort was achieved on the exploits of one competitor, Jon Brewer. He won 4 events, tied for first in another and was second once, while his brother Charles took a second. The Brewer boys accounted for all 7 of Decatur's individual state meet qualifying sports, plus two legs of its winning mile relay team.

Jon Brewer tied for first in the high jump and won both hurdle events, the pole vault and the broad jump. He was second in the shot put. Charles Brewer was runner-up in the pole vault.

Eighteen teams competed in Class D and 13 went at it in Class C.

### Class C

Shot—1. Stevens, Plattview; 2. Cook, Arlington, D—44-9½.  
Pole Vault—1. Dierks, Bennington; 2. Langemeier, Mead, H—10-6.  
Broad Jump—1. Dau, Elkhorn; 2. (tie) Schneider, Gretna, Hotov, Brainard, D—20-10¼. (Hotov, Schneider both qualified for state).

120 HH—1. Braesch, Bennington; 2. Gustafson, Mead, T—15-4.  
440—1. Braesch, Bennington; 2. Mullaly, Elkhorn, T—54-1.  
100—1. Bluma, Arlington; 2. Nelson, Bennington, T—10-4.  
880—1. Dau, Elkhorn; 2. Rodenslaben, Mead, T—20-4-6.

High Jump—1. Braesch, Bennington; 2. Westland, Waverly, H—5-9.  
180 LH—1. Dill, Plattview; 2. Nelson, Bennington, T—22-4.  
220—1. Bluma, Arlington; 2. Hotov, Brainard, T—23-5.  
Mile—1. Peterson, Plattview; 2. Settes, Cedar Bluffs, T—4-57.  
100—1. Rejoia, Bennington; 2. Timmermeier, Elkhorn, D—12-2.

880 Relay—1. Arlington (Reckmeyer, Brainard, Cook, Bluma), T—1-37.  
Mile Relay—1. Elkhorn (Mullaly, Dunham, Horutich, Dau).

### Class D

High Jump—1. (tie) Brewer, Decatur; Dunkle, Elmwood, H—5-6.  
440—1. Blank, Rosalie; 2. Perry, Ceresco, T—53-3.  
Discus—1. Metschka, Snyder; 2. Darrell, Omaha Deaf, D—12-8¾.  
120 HH—1. J. Brewer, Decatur; 2. Renier, Waterloo, T—15-7.  
100 LH—1. J. Brewer, Decatur; 2. Heywood, Snyder, T—21-3.  
220—1. Metschka, Snyder; 2. Sumnick, Waterloo, T—24-3.  
880—1. Fielder, Omaha Deaf; 2. Truett, Yutan, T—2-08-2.

Mile—1. Gatzmeyer, Bancroft; 2. Holtenbeck, Elmwood, T—4-50-5.  
Pole Vault—1. J. Brewer, Decatur; 2. C. Brewer, Decatur, H—10-9.  
Shot—1. Metschka, Snyder; 2. J. Brewer, Decatur, D—48-3¼.  
Broad Jump—1. J. Brewer, Decatur; 2. Blank, Rosalie, D—21-7½.  
880 Relay—1. Snyder, T—1-38-3.  
Mile Relay—1. Decatur, T—3-47-1.

120 HH—1. J. Brewer, Decatur; 2. Renier, Waterloo, T—15-7.  
100 LH—1. J. Brewer, Decatur; 2. Heywood, Snyder, T—21-3.  
220—1. Metschka, Snyder; 2. Sumnick, Waterloo, T—24-3.  
880—1. Fielder, Omaha Deaf; 2. Truett, Yutan, T—2-08-2.

Mile—1. Gatzmeyer, Bancroft; 2. Holtenbeck, Elmwood, T—4-50-5.  
Pole Vault—1. J. Brewer, Decatur; 2. C. Brewer, Decatur, H—10-9.  
Shot—1. Metschka, Snyder; 2. J. Brewer, Decatur, D—48-3¼.  
Broad Jump—1. J. Brewer, Decatur; 2. Blank, Rosalie, D—21-7½.  
880 Relay—1. Snyder, T—1-38-3.  
Mile Relay—1. Decatur, T—3-47-1.

120 HH—1. J. Brewer, Decatur; 2. Renier, Waterloo, T—15-7.  
100 LH—1. J. Brewer, Decatur; 2. Heywood, Snyder, T—21-3.  
220—1. Metschka, Snyder; 2. Sumnick, Waterloo, T—24-3.  
880—1. Fielder, Omaha Deaf; 2. Truett, Yutan, T—2-08-2.

Mile—1. Gatzmeyer, Bancroft; 2. Holtenbeck, Elmwood, T—4-50-5.  
Pole Vault—1. J. Brewer, Decatur; 2. C. Brewer, Decatur, H—10-9.  
Shot—1. Metschka, Snyder; 2. J. Brewer, Decatur, D—48-3¼.  
Broad Jump—1. J. Brewer, Decatur; 2. Blank, Rosalie, D—21-7½.  
880 Relay—1. Snyder, T—1-38-3.  
Mile Relay—1. Decatur, T—3-47-1.

120 HH—1. J. Brewer, Decatur; 2. Renier, Waterloo, T—15-7.  
100 LH—1. J. Brewer, Decatur; 2. Heywood, Snyder, T—21-3.  
220—1. Metschka, Snyder; 2. Sumnick, Waterloo, T—24-3.  
880—1. Fielder, Omaha Deaf; 2. Truett, Yutan, T—2-08-2.

Mile—1. Gatzmeyer, Bancroft; 2. Holtenbeck, Elmwood, T—4-50-5.  
Pole Vault—1. J. Brewer, Decatur; 2. C. Brewer, Decatur, H—10-9.  
Shot—1. Metschka, Snyder; 2. J. Brewer, Decatur, D—48-3¼.  
Broad Jump—1. J. Brewer, Decatur; 2. Blank, Rosalie, D—21-7½.  
880 Relay—1. Snyder, T—1-38-3.  
Mile Relay—1. Decatur, T—3-47-1.

120 HH—1. J. Brewer, Decatur; 2. Renier, Waterloo, T—15-7.

## Seven 12-Footers At North Platte

North Platte (P) — Scottsbluff, as expected, ran away with the honors in the Western Nebraska Class A regional track meet Friday, qualifying 15 individuals and 2 relay teams for the state meet.

North Platte was second with 9 and 2, then came Kearney 9 and 1, Alliance 5 and 0, McCook 4 and 1, Sidney 4 and 0, Holdrege 3 and 0, Gering 3 and 0.

In scoring Scottsbluff had 78 1-30, North Platte 46 5-6, Kearney 46, 22-35, McCook 20 3-7, Alliance 16 101-105, Gering 12 69-70, Sidney 22-35 and Holdrege 8½.

A feature of the meet was that 7 pole vaulters went over 12 feet and all were qualified for the state meet under a new rule.

Western district marks set included:

880: Jim Wolstenholm, Kearney, 1:57.3; 2 mile relay: McCook 8:24.3; 880 relay: Scottsbluff 1:31.6; Mile Relay: Kearney 3:28.7; 440, Dane Jay, Scottsbluff, :50.3.

### NIL Begins June 3

Lexington (P) — The Nebraska Independent League will open its baseball season June 3.

Lexington, Ogallala, Grant, Venango, Sidney and North Platte will field teams.

# Player Nabs Lead In Colonial Open

## ... PALMER TIED FOR 2ND

Fort Worth, Tex. (P) — South African Gary Player, singing the praises of a red hot putter, seized the lead Friday in the \$40,400 Colonial National Invitational golf tournament with a 36-hole total of 138.

The jaunty Player put together a 33-37—70 to go with his opening round 68 to move one stroke ahead of Arnold Palmer and Johnny Pott.

Palmer, the first round leader with a 67, lost two strokes to the 7,112-yard par 70 and bemoaned a putter that suddenly turned cold. He one-putted only one green Friday.

Pott, still breathing fire from his victory last week at the Waco turner open, tacked a 70 to yesterday's 69 to get his 139 total.

Brash Jack Nicklaus, at one point tied with Palmer and Player for the lead, lost his touch on the back nine and wound up with a 71 for 140 and a tie for fourth with Doug Ford.

Nicklaus turned the front nine one under for the day, two under for the tournament, but bogied at Nos. 13 and 18 cost him a share of the lead.

# Mexico Is Shaken Violently

## ... 3 Dead In Chilapa

Mexico City (AP)—A heavy earthquake rocked south central Mexico Friday. Two persons were reported killed near the Pacific resort of Acapulco. In Mexico City, where the quake lasted 9 seconds, a man dropped dead of shock.

Officials said about 100 persons had been reported injured. Of these 36 were in Acapulco — one of the hardest hit areas — and 30 in this capital. There were no reports of tourist casualties.

Widespread damage was reported, but it appeared to be minor.

Two persons died in Chilapa, about 60 miles from Acapulco, when a church wing collapsed.

The government was checking reports from around Nuxco, near Acapulco, that the earthquake was touched off by a volcano.

### No Confirmation

A communications ministry official was scheduled to fly over the area. The Geographic and Meteorological Service of the Department of Agriculture said it had no confirmation of the volcano reports, however.

Farmhands near Nuxco reported earlier that water in streams in the area had boiled and killed animals.

A potential volcano had been reported previously in an area about 60 miles east of Acapulco.

The main highway to the Pacific coast resort town was blocked by a landslide, but highway crews had it opened up again by noon.

Many buildings, hotels and schools were damaged in Acapulco but heaviest damage was reported among the adobe homes of the town's poor.

### Bonner's Campaign Costs Total \$1,521.53

The Bonner For Congress Committee has reported to the Secretary of State contributions of \$1,950.92 and expenditures of \$1,521.53 in the campaign of Thomas N. Bonner of Omaha for the Second District congressional post.

The report was filed by John L. Brown of Omaha, committee treasurer, for Bonner, a Democrat.

## State Supreme Court Denies Appeal To Lower Court Action

A Cozad man's appeal to a Dawson County District Court decision awarding him \$16,180 for flood damages from the Platte Valley Public Power & Irrigation District was denied Friday by the State Supreme Court.

Noel Cover had filed suit in the lower court for damages incurred in June of 1947 when a drainage canal near a feed yard near Cozad overflowed.

Cover argued in the appeal that the district court instructed the jury that he was entitled to recover only those damages which were caused by the flooding and that in the event an item of property was damaged first by rain and later by the flood, he could recover only that portion of the damage which occurred after the flood began.

Cover said the instruction required the jury to apportion damages caused concurrently by an act of God and an act of negligence.

The high court said, how-

The David Johnson family, back in U.S., found Russia did not offer the better life.

## Just 10 Minutes Reveals Soviet Russia 'Evil, Bad'

Boston (AP)—The disillusioned David Johnson family came home Friday from a 10-day visit to Russia, which Johnson said he found "no Utopia — far from it."

Johnson, 32, a former Philadelphia railroad worker said he went to Russia "for one thousand and one reasons, and as it turns out, all were incorrect — tragically."

He said he also had "one thousand and one reasons for coming home, but it would take a Britannica (Encyclopedia) to describe it."

It only takes 10 minutes in Russia to see that the Soviet Union "is an evil, bad thing," he said.

### Driven to Manchester

Johnson flew to New York from London with his family and came by air to Boston where he and his family were met by Mrs. Johnson's mother and sister. They drove the Johnsons and their 4-year-old twin sons, Cole and Lindsey, by automobile to Manchester, N.H.

Johnson and his wife sold all their possessions, and he quit his job as a \$112-a-week Pennsylvania Railroad timekeeper to go to Russia, to stay.

They boarded a Russian

ship in London April 23 for Leningrad, but by last Monday they were back in London, reporting disillusion with Russia.

Johnson said for one thing he had hoped to get hospital care for one of the children ailing with a heart condition.

### Hospital Unsanitary

But he said a look at one hospital changed his mind on that score. "It was unsanitary, obviously dirty," he said.

As for the average working man in Russia, "why he's not making a decent week's pay. He is not eating well; if he is, he is paying dearly for it. He is poorly housed," he said.

### Johnson said he never has been a member of the Communist Party, but he said in New York he had supported communist causes for the last 10 years or so.

## Iowan Pledges Aid To Keep Park Office In Omaha

Washington (AP)—Rep. Ben F. Jensen, R-Iowa, pledged a fight to the finish with the Senate Friday over the question of moving park service regional headquarters from Omaha to Cheyenne, Wyo.

"They'll make this move over my dead body," Jensen told a reporter. "It's just as crazy as can be."

The Senate Appropriations Committee, in a report accompanying the Interior Department money bill for the year starting July 1, Thursday approved the language which would permit the transfer if a restudy of the question by Secretary Stewart L. Udall shows it to be warranted.

This conflicts with the House position. The house said the move is not warranted and denied use of any funds for the plan.

Jensen, second-ranking Republican on the House Appropriations Committee, said the differences in approach will become an issue for House-Senate conferees once the measure is approved by the Senate.

## SAC B-58s Back On Duty After Month's Furlough

Omaha (AP)—Strategic Air Command headquarters reported that some of its B-58 supersonic bombers returned to duty Friday after being furloughed for a month.

SAC said its entire fleet of about 65 B-58s were grounded for modification following a crash at Bunker Hill Air Force Base, Peru, Ind. They are being returned to use as work is completed on each one.

The bombers, capable of 1,500-mile an hour speeds, created sonic booms over the Lincoln and Omaha areas this spring.

### Grant Will Double

### Science Equipment

Hastings — Physics students at Hastings College next fall will work with twice as much nuclear and atomic equipment as this year, thanks to a \$5,000 matching grant for science equipment from the National Science Foundation. Physics Department Head Clyde C. Sachtleben announced the grant.

Purchases will include meters, atomic sources, electromagnets and other electronic gear to aid in the study of nuclear energy and the make-up of an atom. Some items will cost \$1,200 to \$1,500 each.

## Terrorists Blaze Away

... At Moslems

### By RODNEY ANGOVE

Algiers (AP)—France's top official in Algeria launched a new crackdown on the European secret army Friday, but terrorist gunmen continued blazing away at Moslems.

Despite the roundup of some of the busiest Secret Army killers, 18 or more Moslems — including 7 women — had been shot dead on Algiers' streets by nightfall. Fourteen persons had been wounded.

Four Europeans — 3 of them youths in their early 20s — disappeared, apparently kidnapped by Moslems.

In addition, a Jewish merchant was shot dead by Moslems who raced through the European workers' quarters of Abab El Oued in a car, firing guns out the windows.

## CARPENTER'S ORBIT JAUNT IS SET BACK

Cape Canaveral, Fla. (AP)—The orbital flight of astronaut Malcolm Scott Carpenter Friday was delayed two days to May 19 because of problems with the capsule's automatic control system.

The National Aeronautics and Space Administration announced the change in date late in the day after it had been reported unofficially earlier.

Officials indicated the troubles were minor, but required two days to correct and check out.

Previous difficulty with the Atlas booster had changed the scheduled launching date from May 15 to May 17.

## Linder Receives \$7,200 Grant To Work For Ph.D.

Raymond L. Linder, 39, former resident of Grand Island, was announced as recipient of a \$7,200 fellowship from the U.S. Steel Foundation for use at the University of Nebraska. The grant is for a two-year period.

He plans to work toward a doctor of philosophy degree at the university.

Linder has been an instructor in entomology and zoology at South Dakota State College since September, 1960. He received his Bachelor of Science degree in 1953 from University of Nebraska and his master of science in 1955 from Iowa State University. He graduated from Grand Island High School in 1939.

From 1955 to 1960, he was employed as a research biologist for the Nebraska Game Forestation and Parks division.

## Race With Police Cost Sports Car Driver \$100 Fine

North Platte (AP)—Eighteen-year-old James Harris of North Platte proved that his sports car was faster than a police cruiser car, but it cost him a \$100 fine and suspension of his driver's license for one year.

Police said they were called to North Platte High School by school officials, who reported Harris had refused to remove his car from a fire zone. When they arrived, Harris sped away in his sports car and the patrolmen gave chase.

The police car reached a speed of 97 miles an hour but was left behind. Harris was arrested when he returned later.

Friday he was taken into County Court on a charge of willful reckless driving, and Judge Oscar Sandall imposed the fine and suspension.

## Stocks Try To Rally, Then Dip

New York (AP)—The Stock Market tried to rally Friday, but the puny effort collapsed and prices sagged for the sixth straight day.

The loss carried the market deeper into new low territory for the year.

The loss for the week was estimated as the most severe in at least 30 years, the period in which current market indicators have been in use.

Brokers said the temporary advance was a purely technical try to pull out of the protracted slump, which has been blamed largely on investors' uncertainties over effects of the Kennedy administration's price tangle with the steel industry.

Stock buyers continued to ignore favorable business developments of the week.

## Educational TV Council Honors Omaha's KETV

The Nebraska Council of Educational Television Friday cited Omaha station KETV (Ch. 7) for its "contribution in the education of the children of Nebraska."

KETV turned over its facilities this school year to the council for daily morning education programming. The programs originated from the University of Nebraska's KUON-TV (Ch. 12) and were simulcast by the Omaha station.

The ETV council held its annual corporate meeting in Lincoln.

Elected to the board of directors were:

Dr. Floyd Miller, state commissioner of education;

Dean Walter Beggs of Teachers College, University of Nebraska; Jack McBride, University ETV director, and the following superintendents of schools:

Steven Watkins, Lincoln; Wayne Riggs, Beatrice; Jack Middendorf, Concordia College at Seward; Delbert Nelson, Nebraska City; Frank Lea, Ralston; Vaughn Phelps, Omaha Westside; Glenn Lundstrom, Grand Island; Kermit Belau, Gibbon; Neal Grubbs, Minden; Jesse Shedd, Scottsbluff County; and Louis Morrison, Alliance.

## Graff Lauds Sales Ability Of UCT Men

"The American salesman is the best goodwill ambassador in the world," E. Klein Graff of Sioux Falls, S.D., told a crowd of more than 200 United Commercial Travelers of America members and their wives here Friday night.

Graff, a past supreme counselor of UCT, is the supreme representative to the 3-day 65th annual session of Nebraska's UCT Grand Council. Speaking at the evening banquet, he commended the group on their enterprise as UCT salesmen.

Graff will install the Council's new officers Saturday. A. T. Holcomb, grand junior counselor of Lincoln is slated to become grand counselor during the morning election.

The session closes Saturday noon, followed by an executive committee meeting.

## Lautenschlager's Insurance Permit Action Pending

State Insurance Director Frank Barrett said that any consideration by him on the possible suspension or revocation of the insurance license of State Sen. Marvin Lautenschlager will come after the Tuesday primary election.

Barrett said he has not yet received a copy of the report given by the State Real Estate Commission when it revoked the senator's real estate license recently.

Barrett has said before that any possible action would await a review of the real estate commission's findings.

The Grand Island senator has charged that the announcement of a decision of the commission just prior to the primary was a "political" move.

## 3 High Schoolers Place In French Regional Contest

Cheryle Marsh, Lyn Furr and Stephen Coy, high school students in Lincoln, have won honors in West-Central regional French contests.

Miss Marsh, daughter of Mr. and Mrs. Fred D. Marsh, placed second in the section of second-year French students. She attends Lincoln High School.

Miss Furr, daughter of Houghton Furr, took 3rd place in the 3rd-year section. She is a student at Southeast.

Coy, whose parents are Mr. and Mrs. Lawrence Coy, won 3rd place in the second-year competition. He also attends Southeast.

Sponsored by the American Assn. of Teachers of French, the contest drew entrants from 22 schools.

## Rites Saturday For C. A. Simon

Falls City (UPI)—Funeral services will be held here Saturday in the Catholic Church for Clarence A. Simon, 79.

He was a former member of the national board of directors of the Travelers Protective Association and a member of the Richardson County Democratic party.

He had been a wholesale grocer here since 1919.

Mr. Simon is survived by his wife, Louise, and two sons, Clarence F. and Charles, both of Falls City.

## DEATHS

BRUNIG—M. P., 73, 5318 Madison, died Thursday. Member NU College of Agriculture Engineering 33 years. Retired 1956. Member First Methodist, American Legion Post No. 3, past master North Star Lodge 227. AF&M. Survivors: wife, Charlotte; brothers, Russell of Buffalo, Mo., Keith of Eugene, Ore., Clarence of Omaha; sisters, Miss Laura of Springfield, Mo., Mrs. Elsie Dixon of Marshallfield, Mo., Mrs. Grace Tinkham of Sargent, Mrs. Edith Cross of Wayzata, Minn., Mrs. Mary Mason of Pomona, Kan.

Services: 10 a.m. Monday, Roeder's, Omaha.

## Beermann Blasts House Committee For Ag Bill OK

Washington (AP)—The House Agriculture Committee was taken sharply to task Friday by one of its Republican members for approving the administration's farm bill.

Rep. Ralph F. Beermann, R-Neb., noting that the 18-7 margin could prove to be one of the most significant one-vote edges in history, said:

"By this vote the compulsory control, punitive action boys were put in the saddle. The results will hamstring the farmer and raise consumer costs."

Beermann said he hoped the measure would be defeated in the House.

## Journal and Star Want Ads

Your low-cost Want Ad appears daily in the Lincoln Star (Morning) and the Lincoln Journal (Evening) or the Sunday Journal and Star at the following cash rates:

Words	1	2	3	4	5	6	7	8	9	10
1	10	12	15	18	21	24	27	30	33	36
2	11	13	16	19	22	25	28	31	34	37
3	12	14	17	20	23	26	29	32	35	38
4	13	15	18	21	24	27	30	33	36	39

# 'Disarmament Must Be Cautious'—Dean

Geneva (UPI) — U.S. Ambassador Arthur H. Dean told the 17-nation disarmament conference Friday the United States is willing to make the transition from the arms race to a disarmed world "with all deliberate and reasonable speed, but also with some caution."

He said the United States never will agree to a treaty which disturbs the world balance of power during the disarmament process. The Soviet plan for general and complete disarmament would give the USSR a monumental advantage over the United States, he said.

Dean addressed the conference before returning to the United States to report this weekend to President Kennedy on the conference.

**Much Encouraged**

In a statement at the airport he said he was "much

encouraged by the way things are going, particularly by the fact that it looks as though there will be no recess." Until Thursday the Soviets indicated they would seek a two-month recess.

Dean said he expects the conference to make a report to the United Nations General Assembly in September.

Soviet Deputy Foreign Minister Valerian A. Zorin dropped a Soviet demand the conference recess for two months after it presents its report to the United Nations disarmament commission June 1. He did so under American and neutralist pressure to stay at the conference table here.

Dean, speaking at Friday's 17-nation session, said Soviet plans to abolish foreign bases and nuclear weapons in the first stage of the proposed treaty would leave the West,

with its extended military commitments, at a serious disadvantage.

He spelled out once more the American conviction that only gradual reduction of nuclear armaments in 3 stages can bring about satisfactory disarmament. Dean said the sweeping Soviet plan to abolish all nuclear weapons and foreign bases in the first stage "would produce serious maladjustments in the existing military balance."

"Both sides in the cold war find themselves overwhelmingly dissatisfied with the amount of national security which they get from their vast armaments and from the arms race," Dean said. "This provides a great impetus toward general and complete disarmament."

But he said the West is not willing to disturb the current balance of military power but prefers gradual reduction until both sides are disarmed completely.

**Reds Would Mass**

The Soviet plan to abolish foreign bases would mean withdrawal of American troops to the United States while the Soviet merely would mass its forces in a compact area, thus enhancing the importance of conventional armaments.

Such a plan would alter what Dean called "the military mix" — the composition of armaments on which each country has come to rely for security.

Also attending Friday's session was John J. McCloy, the elder statesman of American disarmament efforts who is chairman of the General Advisory Committee of the U.S. Arms Control and Disarmament Agency in Washington.

## Dull Campaign Leads To Small Turnout Forecasts

Political observers in Lincoln Friday expressed belief that a relatively dull primary election campaign will reflect itself in a poor turnout of voters next Tuesday.

If anyone was getting terribly excited about the political contests with showdown time only 4 days away, the fact was escaping the notice of old hands at the business of measuring political temperatures.

"From a statewide standpoint, public interest is way down," said Charles Thone, former state Republican chairman.

Former state Democratic chairman Willard Townsend, Lincoln businessman, concurred—especially with reference to the Democratic ticket "where there has been so little competition."

Townsend foresaw a "less than average" vote.

Thone foresaw a similar modest turnout.

"We don't have any really colorful statewide fights," reasoned Thone. "Oh, we have a bit of a one going in the First District between Beermann and Weaver (incumbent GOP congressmen), but otherwise it's pretty calm."

Townsend said, too, the First District Republican congressional contest may be an exception, and speculated that Lincoln's urban renewal issue might stimulate the capital city turnout, but said he was "a little disturbed" by the absence of statewide interest.

Secretary of State Frank Marsh, who traditionally forecasts voter turnout in advance of elections, is expected to make known his predictions Saturday.

Primary elections in non-presidential years recently have been attracting upwards of 200,000 voters in Nebraska.

Four years ago the vote count totaled a modest 207,614. Two years ago—a presidential year—the total was 238,469.

The all-time record primary election turnout was recorded in 1934—another non-

## HEARTY FARE IS PROMISED TO SALINGER

... By Soviet Host

Moscow (AP) — White House Press Secretary Pierre Salinger flew to Moscow with the object, among other things, of sampling Siberian meat dumplings and vodka with Premier Khrushchev's son-in-law, Alexei Adzhubei.

Salinger said his visit has no connection with any possible visit to the Soviet Union by President Kennedy.

He was met at a Moscow airport by Adzhubei, editor-in-chief of the Soviet government newspaper Izvestia; Mikhail Kharlamov, former Soviet Foreign Ministry press spokesman who is now head of the state committee for radio and television; Leonid Zamatin, head of the Foreign Ministry's American Department; and U.S. Ambassador Llewellyn Thompson.

A crowd of Soviet and western newsmen also was on hand when Salinger's Aeroflot flight from Amsterdam landed 35 minutes behind schedule.

Adzhubei jokingly reminded Salinger:

"Remember, I promised you plenty of pelemenyi (Siberian meat dumplings)."

Salinger added: "And plenty of vodka, too."

"You will have enough of that, too," the Russian said.

Accompanying Salinger is Thomas Sorensen, the Lincolnite, who is deputy director of the U.S. Information Agency.

## Lowered Tariffs On Construction Material Asked

A hearing was held by the Nebraska Railway Commission on a request for a wide tariff revision on transportation of construction materials.

The commission has also set another hearing on the case for 10 a.m. Monday, in anticipation of additional testimony.

The commission has been asked by Silas R. Kincaid of Tekamah and Joe Glover of Nebraska City to amend the tariff on shipments of sand, gravel, rip-rap and other construction materials in cases where the volume is over 15,000 tons and the distance 20 miles or more.

They want a 12% reduction for shipments from 15,000 to 30,000 tons, a 15% reduction for 30,000 to 60,000 ton shipments, an 18% reduction in 60,000 to 90,000 ton shipments and a 21% reduction on shipments over 90,000 tons.

A number of protests have been filed with the commission.
